NUMBER 23

## Hundreds Expected at Hamlin Rodeo

### Contract for New School Seen in May

ACTUAL WORK SCHEDULED TO BEGIN LATER IN MONTH—SPECIFICATIONS SOON

Developments in plans for erection of the new \$125,000 school building for Hamlin continue to point to the awarding by May 15 of the contract for its erection, school officials told The Herald Wednesday morning.

Floor, roof and foundation plans for the building were submitted this week to the school board by Don W. Smith of Sweetwater, architect for the edifice. Original plans for the structure were submitted and approved several weeks ago.

Only minor details are lacking on the plans, and general specifications will be ready for the bidders within the next few days, school authorities declare. These specifications will be made available to contractors, from which bids will be figured.

With call for bids scheduled for the middle of May, actual construction is expected to get underway by the latter part of May.

School officials stated this week that possible expansion additions will be made by the time bids are ready for submission to contractors in view of slated consolidations with several neighboring school districts. Neindia district already has called an election to determine if that district shall be consolidated with Hamlin district. Celotex district has asked for petitions for consolidation, and other districts are pondering the consolidation move.

The school plant as already planned will care for some additional enrolments, but school authorities say further added facilities may be necessary.

### STONEWALL STAYS IN DRY COLUMN AT SATURDAY VOTING

Stonewall County remained in the "dry" column when voters Saturday rejected the legalization of the sale of beer of not more than four per cent alcoholic volume by a margin of more than 200 votes.

With tabulation of the four major voting boxes complete, the ballot count first of the week read 402 for and 618 against the legal sale of beer.

The more than 1,000 vote total in Hamlin neighbor county to the north indicated unusual interest in a special election, local political observers said. A large number of former service men participated. Potential voting strength of the county is estimated at about 1,500.

Stonewall County has been "dry" since voting out beer in 1936. Sale was legal in parts of the county for two or three years prior to that election.

The county lies in the approximate near-center of a large number of West Texas counties in which sales of both intoxicating liquors and beer are outlawed.

### Highway Crew Needs Places to Live in Hamlin

More folks need places to live in Hamlin. Home owners are urged again by the Chamber of Commerce to arrange to care for newcomers.

H. G. Grimmett, superintendent of the Hamlin-McCaulley highway construction, scheduled to begin soon, was in Hamlin Tuesday asking for rooms for from 25 to 30 men. They will be here for four to five months, and some of the men will want apartments for their families when school is out at the end of the school year.

Hamlin people who can arrange to care for some of the crew are asked to contact the Chamber of Commerce office.

### RODEO ANNOUNCER

### Only 25 Vote In Saturday Trustee Cast

LA FOY PATTERSON ELECTED NEW SCHOOL OFFICIAL AND A. SPENCER RENAMED

One new member was added to the school board of Hamlin Independent School District when voters of the district Saturday showed little interest in the election by polling only 25 votes. Voting strength of the district is nearly 400.

LaFoy Patterson, the new member of the board, succeeds L. H. McBride, resigned. Ambrose Spencer, who has been a local trustee for three years, was re-elected. Those named in the Saturday voting will serve for three years.

Carry-over trustees are: Holly Toler, president, Fred Carpenter, C. C. Bailey, Eddie Jay and Delma Shelburne. Spencer has been secretary of the school board.

Patterson and Spencer will be installed at the first regular meeting in May, when fiscal school year will begin, according to Hamlin Schools Superintendent I. R. Hutchison.

A. B. Carleton received 25 votes as trustee from Precinct No. 1 to serve on the county school board.

### McCaulley Voters Poll 36 Ballots in Election

McCaulley voters Saturday showed Hamlin folks how to hold an election for school trustees when more than a third more voters went to the polls than appeared in the voting booths in Hamlin.

Two new trustees were elected for two-year terms by McCaulley voters when 36 citizens expressed their preferences. R. L. Miers was re-elected, and the new trustees are Willie Maberry and George West. Names of W. F. Davison, R. L. Miers and A. A. Calloway were on the ticket.

Receiving votes were: R. L. Miers 31 votes, George West 17, Willie Maberry 17, A. A. Calloway 16, W. F. Davison 16, George Darden four, Rufus Herbst three, E. C. Waldrop two, E. A. Lawless one and L. E. Rector one.

### Oil Man Turns Fisherman

And now it's a Hamlin oil operator spreading his arms to indicate the length of the fish he snagged. Charles E. Green was telling his friends—and showing proof in a few instances when pushed for veracity—about a four pound seven ounce bass caught early this week in the Hamlin new city lake.

### Pa and Ma at the Rodeo Add Spice to Typical Show

#### BUENA VISTA DUNCAN

Pa: Come on here, Ma. From the looks of all these folks, we won't be able to find a seat.

Ma: All right, I'm coming. Never seed so many folks since that time we went to see Molly Bailey.

Pa: Here, Ma, here are lots of seats and stop staring at that woman with them pants on. What do you mean we can't set here? Here's our tickets—says grandstand. This is the grandstand, ain't it? Ma, he said these seats are reserved.

Ma: Guess we can get a box and set out here, can't we?

Pa: No, Ma, that's where they're going to have the show. Come on, here's a couple.

Ma: Well, Pa, we have been waiting to come to this rodeo for a long time. And what's these things for?

Pa: They are to tell you what's going on; think it's about time to start.

Ma: Land sakes alive, that man shore got a strong voice; hear him clear over here.

Pa: Durn, it shore made that man

### PRINCIPALS IN FIRST BAPTIST REVIVAL

New pastor, John H. Osteen, left, will be evangelist in a series of revival services beginning Sunday morning at the First Baptist Church, and continuing through April 21, congregation leaders announce. Ewell Bone,

educational director of the First Baptist Church in Abilene, will be in charge of the musical program. Services are slated each week day at 2:00 and 8:00 p. m. Special musical numbers will highlight the evening services.

### BAPTIST PASTOR TO PREACH IN REVIVAL STARTING SUNDAY

### MRS. MORTON WILL DIRECT HEREFORD GROUP AREA TOUR

John O. Osteen, new pastor of the Hamlin First Baptist Church, will do the preaching in a spring revival at the church beginning Sunday at the 11:00 o'clock service. Ewell Bone, educational director of the First Baptist Church in Abilene, will direct music for the eight-day series of services.

Osteen, who is completing his first month as pastor of the Hamlin congregation, asks The Herald to extend invitation to all the people of the community to attend the services. Day meeting will be at 2:00 o'clock in the afternoon, and evening services will be started at 8:00 o'clock. Pastor Osteen promises a series of inspirational messages suited to the needs of the times.

With Director Bone leading, the music of the services will be a feature. Two pianos will be used as accompaniment for congregational singing. Special musical numbers are slated at each evening service.

Services in the church Sunday will climax celebration by the congregation of Youth Week, when young people of the church have filled official posts in the church. Young people will usher, take collection, sit in the choir and give special musical numbers.

A special group from Hardin-Simmons University, Abilene, will be presented a musical special. A fellowship meeting for the young people will follow the Sunday evening service, Rev. Osteen announces.

Mrs. Faye Young Morton of the Y-6 Ranch was named several days ago as chairman of the West Texas Hereford Association tours for this spring. She succeeds C. M. Caldwell of Abilene.

Three all-day tours are being slated for this spring, according to Mrs. Morton. Itinerary will begin May 14 when entourage of Hereford cattle breeders and others interested will go south from Abilene. On May 15 the group will come north, which will include a noon stop at the Y-6 Ranch, north of Hamlin, when several Hamlin business men and others will assist in entertaining the visitors. The Hardy Grissom ranch will be visited on May 16.

West Texas Hereford Association, Mrs. Morton reports, is the largest Hereford group in the country, its membership rolls numbering more than the Texas Hereford Association.

#### More Fish Stories in Making.

Ho, hum! Guess the natives will have to endure another season of stories about the "fish we caught down in Old Mexico." Stanley Carmichael and Ted Russell believed the tales Art Carmichael brought back last week from Lake Don Martin, and followed Art back to be shown this week. The party left Monday and is scheduled to return Thursday.

### Final Touch Being Put to 2-Day Show

LEWIS BLAIR AND TRICK MULE SIGNED—CONTESTANTS FOR EVENTS BEING ENTERED

Final settings are being added to the stage for the greatest Hamlin Rodeo in the history of the town, officials of the Hamlin Rodeo Association declared Wednesday. With pretty weather for the two-day show, hundreds of visitors were expected to come to this Northwest Jones County metropolis as spectators and contestants.

Announcement was made Wednesday that Lewis Blair of Dundee had agreed to be this year's clown at the rodeo. The prankster will bring his trick mule along for company. Blair explained to rodeo officials that he would be the one wearing a hat when the pair arrives in town.

Danny Daniels of Borger will be announcer for the events at the rodeo grounds. Broadcasting equipment is being furnished by the Abilene Army Recruiting Station.

A splendid array of contestants in the seven events of the rodeo had indicated they would fight hard for the more than \$1,000 in cash prizes offered during the four performances Friday and Saturday. Registrations are being accepted at rodeo headquarters upstairs in the city hall.

Starting time for the events will be 2:00 and 8:00 o'clock p. m. each day. Contests in calf roping, saddle and bareback bronc riding, bull riding, wild cow milking, cutting horse contest and boys' calf scramble will offer plenty of thrills as competition will be keen, show officials say.

On the beauty side of entertainment ledger will be community sponsors from a number of West Texas towns. Prizes of at least \$50 were slated to be awarded to winners of first, second and third places in the seniors sponsor events.

Additional prizes were posted by Hamlin merchants for awarding to Hamlin area junior sponsors.

Admission prices are 50 cents for children and \$1 for adults, including tax. No reserve seats will be sold, and attendants will get seats of their choice as they arrive. Season tickets at a reduction are being sold by the Keefer-Patterson Post of the American Legion, and the Legionnaires are to have complete charge of ticket sales at the gate.

### Teddy Russell Becomes Bluebonnet Cafe Owner

Teddy Russell became over the weekend new owner of the Bluebonnet Cafe, purchasing the interest of Jack Hindman, who has operated the business for several weeks.

Teddy, son of Mr. and Mrs. W. C. Russell, is a long-time resident of Hamlin. Hindman will go to New Mexico to enter business, he states.

New Bluebonnet proprietor announces the place will be closed all day Tuesday for repainting and repairs.

### Test for Foundation of New School Completed

Test for foundation for the new elementary school building in Northwest Hamlin revealed no settling in the site for the new structure, Superintendent of School I. R. Hutchison said this week. No complications are expected in placing of the foundation, school board members declare.

Test was made by digging a one-foot square opening five feet deep; then a 3,000-pound weight was laid on the test block for three days, and a 6,000-pound weight for two days. The block was watered down to ascertain if settling would take place. The 6,000 pound load is more than will be required of a square foot of the \$125,000 school building.

# WOMEN IN THE NEWS

## Teen-Agers Enjoy Gathering at Lake

A large group of teen-agers met at the cabin of Jerry Waggoner at the new Hamlin Lake Saturday evening for one of the season's social highlights. Mothers of the teenagers who attended were Mmes. Hargrave and Barnett.

After refreshments, which consisted of soda pop and cookies, were served and a few more hours' entertainment, the group said good-byes.

Teen-agers who attended were Joyce Barnett, Verlene Stewart, Jo Hargrove, Elma Lee Brewer, Phyllis Richardson, Margaret Ryan, Beverly Ann Harvey, L. J. Fletcher, E. L. Jenkins, Charlie Johnson, Edith Scott, Gene Richardson, Bob Miles, Billy Bagwell, James Rodgers, Alton Bagwell, Jimmy French, Shorty Myers, Brad Rowland, Larry McCoy, Elizabeth Butcher, Suzanne Toler, Betty Jane Barry, Thomas Marr, Jane Adam's, Jeannette Bevels, Buzz Daniels, Joe Clements, Shirley Baggett, John Barnett, Lyndall Beard, Lain Jones, Walter Carter, Margaret McBride, Dora Joyce Culbertson and Doyle Dean;

Sharlot Riddle, Brad Rowland, Ray Myers, Herman Woods, Mrs. Ross Fomby, Mrs. Frank Waggoner, Bill Harbert, Jo Anne McCrary, Don Baize, Bill Pritchard, Joe Weir, Elton Bigham, Harvey Rivers, Paul Steed, Norman Lasseter, Mozelle Barnett, Jessie Locke and James Sedberry.

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

**1** Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

**2** Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

**CARDUI**

## Keith Louise Jobe and Dean Witt Married

Sunday afternoon at 3:00 o'clock in a double ring wedding ceremony read by Rev. E. C. McDonald in the First Baptist Church at Ropesville, Keith Louise Jobe, daughter of Mr. and Mrs. A. W. Jobe of Wilson, became the bride of Durward Dean Witt, son of Mr. and Mrs. I. R. Witt of Hamlin.

Church decorations consisted of baskets filled with carnations, ferns, palms and white tapers. Janice Cates played wedding marches, "Indian Love Call" and accompanied Eudonia McCormick as she sang "I Love You Truly." Nelda Jobe and Fay Collins lighted the candles.

Given in marriage by her father, the bride wore an ice blue suit with black accessories and carried a white Bible topped with white roses.

Mrs. Gene Witt of Hamlin, matron-of-honor, wore a cadet blue suit with black accessories and a corsage of pink rosebuds. Jimmy Collins and Sue Flenniken were ring bearers.

The bridegroom's twin brother, Gurward Gene Witt of Hamlin, was best man. Ushers were Myles Lyndon Collins and T. J. Redman Jr.

A reception followed in the home of Mr. and Mrs. M. M. Collins of Ropesville, aunt and uncle of the bride. A three-tiered wedding cake centred the bride's table. The couple was assisted in serving by Mmes. M. M. Collins, J. F. Dahnke, Glen Bratcher, Myles Lyndon Collins and T. J. Redman Jr.

Mother of the bride wore a black and white checked suit with black accessories and a corsage of deer pink carnations. Mother of the bridegroom wore a black suit with black accessories and a corsage like that of Mrs. Jobe.

After a wedding trip to San Antonio and other points in Texas, the couple will be at home at Hamlin. For travel the bride wore a black gabardine suit with white accessories and a white rosebud corsage.

The bride is a graduate of Ropesville High School, and the bridegroom was graduated from Hamlin High School. He served 22 months overseas.

Out-of-town wedding guests were from Hamlin, Lubbock, San Angelo, Anson, Seagraves, Levelland, Abilene and Breckenridge.

Phone 241 and tell us your news.

## MARRIED SUNDAY

Above is Mrs. Durward Dean Witt, the former Keith Louise Jobe of Ropesville. The couple was married in a ceremony Sunday afternoon at Ropesville. They will be at home at Hamlin after a honeymoon to San Antonio and other Texas points.

## Cook-Reed Wedding Rites Said at Sylvester

Ada Earl Cook, daughter of Mr. and Mrs. Grady Cook, and Harold Gene Reed, son of Mr. and Mrs. Robert Reed Sr., both of Sylvester, were married Friday evening at 6:00 o'clock at the Robert Reed home in Sylvester. William Reeves, Church of Christ minister, performed the ceremony.

Attendants were Colleen Roquemore and James (Buddy) Montgomery. Only the immediate families and relatives of the couple were present for the rites.

To increase our funds each member brought a potted plant and made a purchase of 25 cents.

A delicious refreshment plate was served to Mmes. W. M. Fancher, J. A. Jackson, Horace Barton, Joe Miers, Glen Henderson, C. A. McHone, Gray, Martin, Brown, Luther Maberry, Fred Hemphill, Ray Maberry, C. A. Lee, Rufus Herbst, L. C. Boyd, J. A. Miller, Milo Gray and Hallie B. McFatter.—Reporter.

## Literary Club Hears Report for Federation

Woman's Literary Club met in the home of Mrs. W. J. Poe Friday afternoon. The meeting opened with a prayer by Mrs. W. A. Albritton.

Mrs. O. D. Roland, delegate to the district convention of Women's Federated Clubs, which convenes at Mineral Wells, read the report that she will present at the convention. The report was an interesting resume of the year's accomplishments.

Mrs. Roland, who has been counselor for the Junior Literary Club, also reported a successful year's work and a club that any town would be proud of.

Mrs. H. O. Cassle gave a few criticisms of the book to be reviewed, and introduced Mrs. R. D. Moore, who brought an informative review of "A Nation of Nations" by Lewis Adamic.

## McCaulley Women In Texas Program

McCaulley Home Demonstration Club met in the Milo Gray home last Wednesday and featured a program on our own "Beautiful Texas." Mrs. C. A. McHone gave the history, touching the highlights from its early beginning to the present. Mrs. J. A. Jackson contributed some interesting information about Texas songs, birds and flowers. She also presented each one present a packet of bluebonnet seed.

To increase our funds each member brought a potted plant and made a purchase of 25 cents.

After a business meeting, tables of forty-two and rummy were enjoyed by attendants. Refreshments were served to 13 members and the class teacher, Mrs. E. M. Wilson.

## Anna Beth Tidwell Weds Oklahoma Man

Mrs. W. C. Tidwell is announcing the marriage of her daughter, Anna Beth, to Gordon Melin of Frederick, Oklahoma. The wedding ceremony was read at the home of Bro. Ashford at Abilene last Tuesday.

For her wedding the bride wore a gray suit with black accessories and a corsage of pink and white carnations. The only attendants were the bride's mother and brother, Jeanne Snowden and Mrs. Lula Jones of Abilene.

The bride graduated from Hamlin High School in 1940, and attended Draughon's Business College at Abilene. She has been employed at the municipal airport with the United States Weather Bureau at Abilene for the past two years.

The bridegroom has recently been discharged from the Army, having served for 15 months in the Pacific Theater of Operations.

The newlyweds will leave soon for Wisconsin to make their home.

## Mrs. Bonds Hostess to Methodist Class

Mrs. L. C. Bonds was hostess to a social for the Comrades Sunday School Class of the Hamlin Methodist Church at her home Monday evening.

After the business meeting, tables of forty-two and rummy were enjoyed by attendants.

Refreshments were served to 13 members and the class teacher, Mrs. E. M. Wilson.

Phone 241 and tell us your news.

## Engagement of Mildred Barrow Announced

Mr. and Mrs. Robert Y. Barrow Sr. of Hamlin are announcing the engagement and approaching marriage of their daughter, Mildred, to Dr. Homer C. Wheeler, son of Mrs. Mattie Wheeler of Sallisaw, Oklahoma.

The bride-elect attended Hamlin Schools and was graduated from John Tarleton College, Stephenville. She took her training for medical technologist at Scott & Scott Clinic at Temple and was employed there four years before moving to McAlester, Oklahoma, where she is employed at the McAlester Clinic.

Dr. Wheeler is a graduate of the University of Oklahoma Medical School. Since his return from four years' service in the Army, he has been associated with the McAlester Clinic.

Plans are being made for an early summer wedding.

Lottie Hines of Fort Worth is visiting Mr. and Mrs. J. J. Hines and other relatives at Hamlin this week.

## DR. CHASTAIN'S MEDICAL CLINIC'S SECOND ANNIVERSARY

As we folks down at Dr. Claud H. Chastain's Medical Clinic look back up our efforts to give Hamlin territory a medical and surgical service, we are pleased at the success that has attained our endeavors. We appreciate the support the people have given us, and pledge our continued efforts to improve our services and facilities.

Two years ago my wife and I started out from "scratch," you might say. We were unable to obtain any equipment, but we have bought a little here and a little there, until we now have five beds and a small modern clinic, with X-ray, fluoroscope, Electric Cautery, Naval Oxygen, Nitrous Oxide and Oxygen, Ether Machine with suction and pressure units, and an almost complete Laboratory, and we are doing major and minor surgery. We have just received our new modern operating table. When we are in St. Louis, Missouri, within a few days, we intend to pick up some more equipment. We are, and have been, on the waiting list for a Basal Metabolism Machine and Electrocardiogram.

Mrs. Chastain received her Bachelor of Science Degree from the Northeast State Teachers College, Kirksville, Missouri, and is in charge of X-ray and the Laboratory.

We have already received our pharmacy permit, and have applied for a hospital license. Then we will be known as Chastain's Medical Clinic, Hospital and Pharmacy, Inc. We hope it will be a credit to its name, a sit to be a living monument to my mother and father, who helped start this town. They were very active in civic affairs back in Hamlin's early days. When Dad was mayor of Hamlin he helped build what we called the "new lake" with the concrete dam that gave us water when other towns had to ship theirs in.

When we get a government loan we will have 25 or 30 beds instead of five. Our building will be made Spanish style, very modern, and a non-profit institution, with an open staff to any medical doctor in good standing, regardless of his school of practice. A registered nurse will be supervisor.

Congratulations to the Hamlin Memorial Hospital Association. We hope we can work together and make Hamlin a real health center. Members of the association wishing to be treated by me or my staff will have the benefits of the association, but must pay us our regular fee.

While I am away I hope to bring back a doctor for my assistant. Major surgery will be done by a surgeon from Stamford Sanitarium unless you prefer someone else. We will honor all hospital insurance except the Blue Cross Insurance. We cannot honor it at this time, but hope to be able to some day.

All who can see their way clear to join the Hamlin Memorial Hospital Association should do so, as we need two hospitals, as competition is the spice of life. We both will strive to do better work and give better service.

Hoping to give you better service and do better work in years to come—Your home town boy, friend and doctor.

DR. CLAUD H. CHASTAIN,  
Physician and Surgeon

JEAN CHASTAIN, B. S.,  
X-Ray and Laboratory Technician.

MILDRED ANDRESS and  
JUANDELL LOCKHART, Nurses.

EARLENE JOHNSON, Receptionist.

It's so easy to have good light. It's important to your health and your children's health, too. Good light costs so little more than poor light—and your family's health and happiness depend on it. To correct direct glare, put shades on all lamps to diffuse the light. To insure sufficient light, keep bulbs and reflectors clean, try a larger bulb.

## ORY OF WILL ROGERS HAS BIG PART LIFE OF EVERY MODERN DAY COWBOY

ever and wherever cowboys the conversation is sure to sound to the memories of the of all cowboys—Will Rogers' kindly philosophy and wit has made the world laugh, understand for more than a century. One of Will's greatest forces was his ability to utilize the might of simple words.

"I bet you hadn't been up there three days until you had your old pencil and was drawing something funny about some of the old punchers."

"I'll bet Mark Twain and Bill Nye and Whitcomb Riley and a whole bunch of those old joshers was just waitin' for you to pop in with all the latest ones."

"What kind of a bird is Washington, and Jefferson? I bet they are regular fellows when you meet 'em, ain't they? Most big men are. I would like to see the bunch that is gathered around you the first time you tell the one about putting the limburger cheese in the old nester's whiskers."

"Don't tell that one, Charlie, until you get Lincoln around you. He would love that one. I bet you and him kinda throw in together when you get well acquainted."

"When I get to thinkin' about all them top hands up there, if I could just hold a horse-wranglin' job with them, I wouldn't mind following that wagon myself."

"You'll run into my old dad up there, Charlie, for he was a real cowboy. And I bet he is running a wagon. And you will pop into some well kept ranch house over under some cool shady trees and you'll be asked to have dinner and it will be the best one you ever had in your life."

"Well, when you're thanking the women folks you just tell the sweet looking old lady you knew her boy back on an outfit you used to rope for and tell the daughters that you knew their brother. And if you see a cute little rascal running around there, kiss him for me."

"Well, I can't write any more, Charlie, the darn paper is all wet. It must be raining in the old bunk house. Of course, we are all just a-hanging on here as long as we can. I don't know why we hate to go—it's better there. Maybe it's because

### A WARDROBE MUST

This "indispensable" cotton town suit designed by Mollie Parnis of New York, is the National Cotton Council's "dress-of-the-month" for March. The suit's rounded skirt line and tiny basque jacket are definitely different. It can be worn with the jacket for town or without for country.

### SERVING IS VITAL IN HOME UTILIZATION OF FROZEN FRUITS

Serving is the important factor in enjoying frozen fruit at its best, says Hannah Nabors, county home demonstration agent for Jones County, in a release to The Herald. If simple rules of serving are not followed loss of flavor, texture and shape are apt to result.

As pointers in getting the best results from frozen fruits, Miss Nabors give these suggestions:

First of all, serve it at once with only slight thawing. If the fruit is to be cooked, thaw just enough to separate the pieces. If it is to be served raw, leave it just a little icy. Thaw just the amount of fruit you will use at one meal. If this means breaking a package, Miss Nabors suggests keeping the unused portion well wrapped and frozen and storing it in the freezer.

In the thawing process, leave the fruit in its sealed container if possible. Fresh air destroys fresh flavor. Thawing in the refrigerator takes six to eight hours. Two to three hours should be allowed to thaw at room temperatures. If you wish to speed up the process, place the package in a dish under cool running water and the fruit will thaw in 30 minutes to an hour.

Once frozen fruit has been thawed, it should not be re-frozen. Freezing decreases the good flavor and robs the fruit of some of its nutritive value, says Miss Nabors. If you must hold it as a leftover, heat it briefly to prevent further loss to the eating quality and store it cold. Even in the refrigerator it will lose some of its fragrance and flavor.

Fred Allen, who will not write capital letters lest he lose the labor reader, is now planning to manufacture kleenex for weeping willows.

we haven't done anything that will live after we're gone.

"Your old friend, WILL."

### "GOOD NEIGHBOR" SUGGESTIONS for party-liners

Before calling, please listen to see whether the line is in use. If it is, hang up gently and try your call again a little later.

When talking, remember your party-line neighbor—he may want to make a call—so please be reasonably brief.

Between calls, try to allow a little time so the other people on the line may have the opportunity to use it.

Ask the children to follow these good neighbor suggestions, too.

Thanks a lot.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

## BABSON ADVISES CONTINUED ADVERTISING

This is one thing Roger Babson, famous economist and forecaster, said in this 1946 picture of things to come:

"Manufacturers, merchandisers and other business men should not let down on their newspaper advertising in 1946."

"Owing to the elimination of excess profits taxes, there may be a tendency for some advertisers to curtail. This would be a great mistake. By any such move advertisers could easily lose much of the value and goodwill which—through advertising—they have built up during the past few years."

"Remember that you will need this goodwill a few years hence, when sales fall off."

## HAMLIN WELCOMES RODEO VISITORS

"Glad to see you, pardner! Hope you have a good time at our rodeo this week-end."

Cheery greetings from Hamlin people this Friday and Saturday will mean much to the hundreds of visitors who will come to our little town for the annual Hamlin Rodeo. Our people will be a little more cordial and expressive of appreciation for strangers that come our way. They will notice the friendliness of our people. Those who are not already familiar with the reputation of Hamlin for friendliness can be added to those who go away saying "Hamlin is the friendliest little city I know."

Such a reputation is good for the town and good for the people involved. Little pleasantries and greetings are not soon forgotten. They are instrumental in attracting new residents to a community.

And, after all, a smile and a cheery handshake make the instigator feel better inside. He gets more joy out of living. The old adage about joys are multiplied when they are divided is trite. Try it!

## WE'RE MIGHTY CONTRARY AT SIXTY

Now comes a woman, Mrs. Raymond Clapper, who rings the bell with startling news that man can live to be 200 years old if he is properly treated with circulatory and glandular serums, etc. She sets forth the idea seemingly that most people live too short lives. They could be lengthened as to living many years if only allowed to do so, submitting to treatments in the above line.

We know that many people live to be nearly 150 years of age in Bulgaria. They attribute their age to drinking buttermilk. People, especially men, are found at any time in that country who are 125 years of age. Many go over that number.

Mrs. Clapper says there is no doubt that within another year people can be started on a 150-year marathon of life, and she seems to think the 200-year mark is not far off. Just think of that! If George Washington had been treated with some of the serum she speaks of he would have been dead only about 30 years, or passed away in 1916.—Stamford Leader.

## LET'S WORK WITH CITY COUNCIL

Hamlin, like many others Texas cities, has new members on her City Council. The members were named by a majority of the voters in the Hamlin community. They were elected to attend to the business matters of the corporated city.

To be sure, the members of the City Council are busy men. They have agreed to serve their community because they have the welfare of their town and community at heart. The six-member council will try to handle the business of the city to the best of their ability, and The Herald bespeaks successful tenure for the members.

But the purpose of this editorial is to urge the citizens of the town to back up the actions of their officials. The mayor and aldermen will appreciate the suggestions and criticisms of the citizens of Hamlin. In fact, they covet the ideas and suggestions of the people they serve during their service in office. Best operation of the council form of government comes from working together of the members of the official group and the citizenship.

Let us all be quick to commend the actions of the City Council and slow to condemn their actions. Many times little frictions are caused by talk of citizens who are not aware of the entire circumstances connected with some action of the council.

With every citizen's cooperation the town will go forward during the coming year. There is much to be done, but with all working together, we can get the job done!

## WHAT CONTEMPORARIES ARE SAYING

## MOTHER NATURE HAS BEEN AWESOME FOR CENTURIES

The people of the world were amazed and astounded when men dropped a man-made bomb on a Japanese city and virtually destroyed it. Men everywhere have stood in awe of the atomic bomb ever since. But the forces of nature, brought into play in a natural way, here and there over the face of the earth at irregular intervals of time have been no less terrific and destructive. An undersea earthquake somewhere in the Pacific set the mighty waves to rolling a few days ago that lashed the shores from one side of the ocean to the other that wrought great havoc in the Hawaiian Islands. The city of Hilo was almost wrecked. The ocean was churned into mad fury for thousands of miles in many directions, and the California sea coast felt the shock of the terrific disturbance.

We doubt if man will ever be able to release forces that will be more awesome and destructive than those released at intervals by old Mother Nature in the earthquake and in volcanic eruptions.—Tahoka News.

How shall I do to love? Believe. How shall I do to believe? Love.—Leighton.

Mankind will be God-governed in proportion as God's government becomes apparent, the Gold Rule utilized, and the rights of man and the liberty of conscience held sacred.—Mary Baker Eddy.

All are not just because they do no wrong; but he who will not wrong me when he may, he is truly just.—Cumberland.

## U.S. SAVINGS BONDS STILL BEING TAKEN BY HAMLIN REGION

Sales agencies of savings bonds in Hamlin report that people of this region are continuing their regular purchases of the securities. They point out that the bonds may be purchased indefinitely, and that interest grows now just as it did on war and victory bonds.

"Texans are not only patriotic, as evidenced by their record purchases of U. S. war bonds during the war years," Nathan Adams, state chairman of the advisory committee for Texas, declared, "they are also thrifty. With the war over, Texans continue to buy U. S. savings bonds in a satisfying manner with a total of \$17,681,000 invested in Texas during January.

"Availability of U. S. savings bonds with the same rate of interest as war and victory bonds is a direct result of demand by management, employees, and schools throughout the land," he continued. "Savings bonds are being handled on the same basis as war bond purchases with payroll savings plans, banks, schools and other issuing agents. Too much stress cannot be put on the value of accrued savings through savings bonds investment for both the individual and the nation. The individual could continue to save for his own security and for the security of the financial structure of his country.

"The best way to safeguard the country from ruinous inflation is for individuals to continue to invest in U. S. savings bonds," Mr. Adams concluded.

National sales of E bonds in January amounted to \$640,900,000 which was 80 per cent of the January, 1945, rate, according to figures released by the savings bonds division of the U. S. Treasury. Redemptions for the month amounted to only one per cent of all the outstanding E bond holdings.

## Lester Morton Training Under G I Plan at Bank

Lester Morton recently became an employee of Farmers & Merchants National Bank under the G. I. training program. The local bank is one of a very few banks in West Texas that have been certified for such training. Earl Smith, employed for some time at the bank, is also working under the government plan.

A graduate of Hardin-Simmons University, Abilene, Morton served for several months in the South Pacific with the Army Air Corps.

## THE PLACE TO DO YOUR BANKING BUSINESS

## ANNUAL REPORT

on its DIAMOND ANNIVERSARY YEAR...

With the victorious conclusion of the war, Katy also celebrated its 75th year of service to the Nation and the Southwest.

Operating revenues for the year were lower than 1944 by \$928,148 but the decrease was more than offset by a reduction of \$1,680,808 in operating expenses. Decrease in operating income occasioned by an increase in taxes was overcome in part by reduction of rent and interest payments. Income carried to earned surplus was \$3,867,599.

Continuing a long-term program of modernization and fixed-charge reduction, designed to place the railroad in a more favorable position to meet the foreseeable future, Katy's physical properties during the year received the benefit of \$26,006,455 worth of intensive maintenance and construction, at the same time bonded debt was being reduced by \$4,538,500. Total fixed-interest debt reduction in the 4 years ending December 31, 1945 aggregates \$41,686,765.

Today, the Katy is eminently fitted both in plant and capital structure to handle the traffic to and from the most rapidly growing section of the U. S. Seventy-five years old in experience, it is one of the newest railroads in morale and physical equipment.

## EIGHTH GRADE UNIT VISITS PLANT OF HERALD MONDAY

Twenty-seven members of the eighth grade reading class of Hamlin Junior High School were visitors at The Hamlin Herald office Monday afternoon. They were accompanied by their sponsors, Principal H. A. Johnston and Mrs. A. S. Watson.

The boys and girls were shown machines of the newspaper and printing plant, including the automatic Meihle vertical press, Linotype, newspaper and job presses, saw, stereotype and paper cutter. They saw the make-up of forms for the rodeo tabloid section of this week's issue of their home town newspaper, seeing how the two colors of ink were utilized in the printing process.

Making the visit to The Herald office were Buddy O'Neal, Bedford Putnam, Roy Riley, Raymond Scrifres, Billy Pat Tucker, W. S. Wilcox, Durwood Smith, Elvin Dennis, Nita Green, Velmer Mae Atkins, Nellie Koonce, Alice Massey, Donna Gayle Miller, Fern Smedley, Lavon Stewart, Barbara Turner, Faye Wilis, Patsy Ruth Parker, Betty Jo Holley, Ruth Pearson, Charles W. Campbell, Lester Campbell, Oscar Garner, Dale James, Ted Kelly, Clarence Miller and Darrell Moran.

### Knew His Wife.

Jones was a druggist, and when his wife ran away with another man he inserted the following advertisement in the local paper:

"This is to notify the party who so kindly relieved me of my wife that I can supply with liniments, bandages, arnica, healing salves, absorbent cotton, iodine, sleeping powders and crutches at rock bottom prices."

### Herald Publisher to Be Speaker at Convention

Publisher Willard Jones of The Herald was in Fort Worth last weekend attending a program planning meeting for the annual convention of the Texas Press Association, to be held at Corpus Christi in June.

President of TPA Joe Cook of Mission stated at the meeting that indications point to the association's largest gathering in history. Jones will be a speaker at the state confab.

Mrs. Jones and daughter, Annetta Jeanne, accompanied the publisher and the trio visited at Decatur part of the time.

Week-end guests in the home of Mrs. Dan W. Stephens were Mr. and Mrs. Finis McClearly of Paducah, Mrs. Mattie S. Colliorn, her daughter, Mrs. Bobbie Heslep, and her daughter, Sheila LaRue Heslep. Mrs. Colliorn and Mrs. Heslep are instructors at the Amarillo Army Air Field. They will visit at Odessa and Belen, New Mexico, before returning to Amarillo.

Mr. and Mrs. Denman Morgan and daughter, Geraldine, of Lubbock spent the week-end with his parents, Mr. and Mrs. J. P. Morgan.

Go to your druggist today and get a small original bottle of Emerald Oil and use it often. You'll get relief quicker than you ever expected and in short time aiding nature, you will find that it helps promote faster healing.

Act today on our absolute guarantee of satisfaction or money back.

Act today on our absolute guarantee of satisfaction or money back.

### HOME AGENT SAYS HOARDED FLOUR IN HOMES MAY SPOIL

U. S. Department of Agriculture urges housewives not to become panicky about the wheat and flour situation. At the same time it emphasizes the need for cooperating with President Truman's call to the nation to help prevent starvation in war-torn countries by saving food, especially bread.

A statement by the Production and Marketing Administration received by Hannah Nabors, county home demonstration agent of the A. & M. College Extension Service, said that there is no shortage of flour in this country. On that account it will not be necessary to buy more than enough flour for the family's need at one time. Moreover, flour may spoil in home storage. And that is a waste which cannot be made good.

The PMA statement points out that flour kept in the usual room temperature may become infested with weevils. And flour stored on cabinet shelves where the temperature often is higher than the average for the room increases the danger of spoilage. Commercial bakers, of course, buy in quantity but they store their supply in rooms specially built for controlling temperature and humidity.

Flour cannot be kept successfully in home refrigerators because it takes up moisture. Flour must be kept dry as well as cool. With huge masses of hungry people in Europe it would be a great tragedy if bread were wasted or flour allowed to spoil in this hour of need, the statement said.

## That Little Children May Live

Famine threatens the world. Together we share the responsibility of helping to feed the world's hungry popl. To this end, and to conserve wheat, our President has called upon the Baking Industry to use a darker wheat flour.

This means that our baked foods are not as light in color as formerly . . . but be assured that the baked foods you buy from us are just as good and just as good for you.

It has been—and it will continue to be—our policy and pledge to buy the best and bake the best . . . and to maintain at all times the high standards of quality, wholesome appearance and goodness that our baked foods have always possessed.

Together we will cooperate with our President . . . together we wil help feed the starving nations of the world.

When you buy this locally-baked loaf you are helping to make your home town bigger and better by supporting local institutions.

## ABILENE COLLEGE GIRLS' GROUP SINGS FOR LIONS TUESDAY

An outstanding musical program was entertainment for the Hamlin Lions Club Tuesday noon when the civic group met in the Morgan Hotel. Three vocal numbers were rendered by the McMurry College Girls' Sextet.

Under direction of Louise Spiegelmire, who accompanied the girls, they sang "Spirit Flower," "Mighty Lak a Rose" and "Will You Remember?" from Maytime. Girls composing the group included Hortense Phenix and Frances Gardner of Hamlin, Mary Louise McCleskey, Carol Byerly, Nancy Harris and Helen Holt.

Rev. E. L. Yeats and Herbert Bernhausen were guests at the session of Lions.

Delma Shelburne, vice president, presided in the absence of Art Carmichael.

Holly Toler made announcement concerning the Hamlin Rodeo, which is slated for this week-end.

Don Gould was first Lion to wear the club's new overcoat in "recognition" of late comers to the weekly session. The coat was put on the chiropractor by Tail Twister Joe Moser.

Hamlin Lions Club was invited by Joe Culbertson, commander of the Keefer-Patterson Post of the American Legion, to sponsor a high school boy and send him to Austin the week of June 6 to 16 to participate in the Boys' State, a program of supervised government of Texas affairs. The matter was referred to action by the board of directors.

### First Things First.

By and large, the nursery school set is better informed about what used to be called the facts of life than their grandparents ever were, and it was no surprise to hear a tiny little girl sitting on a brownstone stoop inquire of a slightly larger little girl:

"Are you old enough to have a baby?"

The little friend's reply, however, was a little startling.

"Goodness, no," she said, "I can't even tell time yet."

### Too Far Off Color.

We heard a yarn about a well oiled conventionite who eased up to a snappily dressed dame and asked her to help him see the town.

"I'm a good guy," he told her. "Got dough, baby, and I'll show you a good time. Only trouble I got, baby, is I'm a little color blind."

"Mistah," agreed the dame, "you all shoo' is."

### DON'T YOU BORROW YOUR NEIGHBOR'S NEWSPAPER - IT'S REAL RISKY BUSINESS

"This might happen to you—subscribe" is the moral of the following fanciful sketch, author unknown:

A man who was too stingy to subscribe for his home town paper sent his little boy to borrow a copy from a neighbor. In his haste the boy ran over a \$4 stand of bees and in 10 minutes looked like a warty summer squash.

His father ran to his assistance and, failing to notice the barbed wire fence, ran into that, ruining a \$5 pair of trousers.

The old cow took advantage of the gap in the fence, got into the corn field and killed herself eating green corn.

Hearing the racket his wife ran out, upset a four-gallon churn of cream into a basket of little chickens, drowning the entire batch. In her haste she dropped a \$35 set of false teeth.

The baby, having been left alone, crawled through the cream into the parlor, ruining a brand new \$25 carpet.

During the excitement the oldest daughter ran away with the hired man, the dog broke up 11 setting hens and the calves got

out and chewed the tails off four fine shirts on the clothes line.

Moral: Don't borrow your neighbor's paper. It's too risky!

### Dr. Chastain Will Take Course in Eye Surgery

Dr. Claud H. Chastain will leave this week-end for St. Louis, where he will take a post-graduate course in eye surgery. He will do four operations a day for five days.

Dr. Chastain's clinic will be open while he is away, he announces, and nurses will care for his regular patients.

During his absence Dr. Chastain and family will visit with his son's grandparents. Mrs. Chastain has two brothers just returned to this country from Europe. His son's grandfather and all his uncles and aunts have not seen him.

A distinguished visitor at a lunatic asylum went to the telephone and found difficulty in getting his connection. Exasperated, he shouted to the operator:

"Look, here, girl, do you know who I am?"

"No," came back the calm reply, "but I know where you are."

### County Judge Grateful For Office Friendships

County Judge Gilbert Smith of Anson submits the following statement to The Herald:

"Several months ago I made the decision not to stand for re-election as county judge."

"During the past five years I have tried hard to conduct the affairs of the office in a credible manner to both you and me. Whether this has been accomplished is a matter for you to determine."

"It is with a feeling of sadness that I vacate this office; yet I can see a relief when I shed the mantle of responsibility. I am indeed grateful for the friendships formed during my tenure as county attorney and county judge. I appreciate your loyal support, and hope you can always feel that I gave you the best I could."

Famous Redheads: Cato the Censor; Winston Churchill, prime minister; and Christopher Columbus, discoverer.

## Gene Spurgin Jr. of Anson Makes Formal Office Announcement

Gene Spurgin Jr. of Anson submits the following statement concerning his candidacy for the office of county treasurer of Jones County:

To the Citizens of Jones County: I take this means of announcing a candidate for county treasurer of Jones County, subject to action at the Democratic primary, and will appreciate your vote and influence in the coming July primary.

I was born in Jones County and have lived here the 24 years of my life except for three and one-half years which I served with the United States Army Air Force.

I am asking you to elect me to this position, in which I promise my undivided attention shall be given to the duties and responsibilities of this office and my best efforts expended in the service of the people at all times.—Gene Spurgin Jr.

## Omar Burleson Makes Formal Bid for Place In National Congress

Omar Burleson of Anson launched his campaign for Congress, 17th District of Texas, this week by authorizing this newspaper to make his announcement.

Born in 1906, Burleson has spent his entire life in Jones County with the exception of two years in Washington, D. C., and his three years in the Navy. After receiving his law degree in 1929, he married Ruth DeWeese, daughter of Rev. and Mrs. R. D. DeWeese. Rev. DeWeese was pastor of the First Baptist Church at Anson in the early 1920's.

Burleson's political career began at 23 years of age when he was elected county attorney of Jones County. After two terms he was elected County judge of his home county and served for three terms unopposed. He became widely known in West Texas for his leadership in governmental, educational and civic affairs. As president of the West Texas County Judges and Commissioners Association he championed causes for the improvement of county government. His interest in civic and educational affairs was evinced by his selection as district governor of Lions Clubs, chairman of the Texas Welfare Association, member of the Freight Rate Equality Federation, member of his local school board of trustees and presently a member of the board of trustees of Abilene Christian College.

Until he became special agent of the Federal Bureau of Investigation, Burleson was active in church, fraternal and civic affairs in his own community and of the entire state of Texas. Resigning from the FBI, Burleson spent approximately one and one-half years in Washington, D. C., in positions which afforded him opportunity to observe and work with our national Congress. He was in daily contact with congressional operation, and as general counsel for the National Capital Housing Authority he appeared before numerous

## CHANCE FOR RAIN!

The moisture situation is getting pretty serious in the Hamlin area. Small grain fields and pastures are needing a drink mighty badly.

During the past three weeks good showers have been received on three sides of the Hamlin territory. Stamford reported over an inch 10 days days. Abilene and Anson have had several rains recently. Other areas south and west have received moisture.

Trying to stage a rodeo has been the signal for rains in many territories. Hamlin's is slated for this week-end. Cross your fingers!

### Glad to Be of Service.

Tired after a hard day, a distinguished congressman in Washington handed the menu back to the waiter and said: "Just bring me a good meal."

A good meal was served and the congressman gave the waiter a generous tip.

"Thank yo, suh," the waiter said. "And if you got any friends what can't read, yo' jus' send 'em to me, suh!"

committees on official matters. The experience thus gained undoubtedly adds to his other qualifications for the office he seeks. His own statements indicate he was at time studying congressional procedure and routine with a view of seeking a seat in that body.

Judge Burleson waived his exemptions and joined the U. S. Navy and served three years. He returned to the States from Okinawa in December, 1945, to end service in the Pacific which took him from New Guinea to Japan. In the earlier days of the war he was in the North Atlantic and later saw service in the Aleutian Islands area. At the war's end he was in the East China Sea in nine operational intelligence.

Burleson advises that his platform will be submitted to the public through the columns of this paper within the next few days.

## Acid Indigestion

## NOTICE OF CONSOLIDATION ELECTION

The State of Texas, County of Jones: To the legally qualified voters of Hamlin Independent School District and Neinda Common School District No. 27:

Take notice that elections will be held within said Hamlin Independent School District and Neinda Common School District No. 27 on the 27th day of April, 1946, at the places and on the proposition more fully set forth in the order of the County Judge of Jones County, Texas, substantially as follows, to-wit:

"On this the 3rd day of April, 1946, there were presented to me a petition signed by Tate May and 32 other legally qualified voters of Hamlin Independent School District and a petition signed by C. E. Gregory and 22 other legally qualified voters of Neinda Common School District No. 27, which petitions prayed for a consolidation of said districts and the issuance of an order of an election for that purpose.

"I find that the petition signed by Tate May and others was signed by 33 legally qualified voters of Hamlin Independent School District, and that the petition presented by C. E. Gregory and others was signed by 23 legally qualified voters of Neinda Common School District No. 27.

"I further find that Hamlin Independent School District is situated partially within Jones County and partially within Fisher County; that the principal portion of said School District and its properties are situated in Jones County; and that Jones County has jurisdiction over the principal school of Hamlin Independent School District.

"I further find that said petitions are in compliance with the law and should be granted.

"It is therefore ordered:

"1.—That an election shall be held in Hamlin Independent School District and in Neinda Common School District.

"Issued this the 3rd day of April,

## Four Hamlin School Boys May Take Part In Model Government

Prospects this week were that probably four Hamlin High School boys will be members of the Boys' State celebration at Austin during a June 6 to 16 supervised government program for Texas boys.

Sponsored in Jones County by the American Legion, the program calls for election of boys of Texas to all state offices at the Lone Star capitol during the 10-day period. Designed to familiarize boys with operation of their state government, several hundred boys from all over the state would participate.

Joe Culbertson, commander of the Keifer-Patterson Post of the American Legion, is directing the plan at Hamlin. The local Legion post will probably sponsor two boys, and the Rotary Club and Lions Club have been asked to sponsor a boy each.

Two Hamlin boys took part in a similar demonstration two years ago.

## LIONS TOLD LIVING COSTS TO CONTINUE RISE THROUGH 1946

Following is a report of the regular weekly meeting of Hamlin Lions club three weeks ago, which was omitted because of lack of space. Because the speaker's remarks were so trite, The Herald publishes the story even though late.

Rising prices for cost-of-living commodities as well as luxuries will continue the remainder of 1946 was the not-so-encouraging reminder to Hamlin Lions Club members by Harold G. Neeley, student of economics and oil developer, who spoke to the civic group Tuesday noon in their regular weekly luncheon at the Morgan Hotel.

Neeley, well known to Hamlin area oil operators and land owners, has drilled several wells in this region. His concern is back here to drill more wells in a new section northeast of Hamlin.

"I have no desire to hamper business transactions by my remarks, but I want to say that the wise person will sell holdings now at greatly inflated prices. Land values are out of proportion to their actual value now, and they are bound to come down sooner or later. People have money in their pockets now that burns to be spent, but many of the folks who spend their money on inflationary markets that exist today are bound to get burnt when the crash comes several months hence," Neeley told his hearers. He urged caution in the use of the present cheap money that is available.

The economist declared that emotions controlled supply and demand; that there now is too little supply and too great demand for commodities. We let our emotions run away with us when we meddle with the economic laws, and get into trouble. Even wars are fought over lands and foods that are controlled by the emotions of mankind, he declared.

### Finally Made It Anyway.

Puffing and blowing, the young man just managed to get on the platform of the last car as the train left the station.

The middle-aged man in the corner eyed him with scorn.

"When I was your age, my lad," he said, "I could run half a mile, catch a train by the skin of my teeth, and yet be as fresh as a daisy."

"Yes," gasped the young fellow, "but I missed this one at the last station."

Mrs. Bill Splaun of San Angelo and Mrs. Jess Long of Philadelphia, Pennsylvania, are visiting with their parents, Mr. and Mrs. R. L. Dean.

## NAZARENE LEADER

Pastor J. T. Crawford, above, of the Hamlin Church of the Nazarene will do the preaching in a pre-Easter revival beginning Sunday morning at the 11:00 o'clock service, congregation leaders announced this week.

## CRAWFORD WILL BE EVANGELIST FOR NAZARENE REVIVAL

Pastor of the Hamlin Church of the Nazarene will do the preaching in an eight-day pre-Easter revival beginning Sunday morning at the 11:00 o'clock service, congregation leaders announced this week.

Martin Westbrook will have charge of the singing, and Mrs. Manny S. Johnson will be accompanist during the meeting. Special musical numbers by local talent are being arranged for each evening's service.

Pastor Crawford states: "You are invited to attend these services and get acquainted with the Nazarenes and their doctrines, as well as to receive inspiration."

Sunday morning's sermon topic by Rev. Crawford will be "The Triumphal Entry." Other subjects will deal with the last days of Christ's ministry, His betrayal, crucifixion and resurrection, the Nazarene pastor states.

### These Guys Were Softies.

Three men visited a bar. "I'll have a coca-cola," said the first.

The bar-tender turned to the second one. "I'll have an orangeade," was the order.

The bar-tender turned to the third, who said: "And I'll just have a glass of water. You see, I'm driving."

DON'T SCRATCH! Durham's Paradise Ointment is guaranteed to relieve itching accompanying Eczema, Rash, Piles, Ordinary Itch and other minor skin irritations—or purchase price refunded. Large 2-ounce jar only 60c at Waggoner Drug Store.

### Bonny Bairn of Scotland.

Two revellers approached a railway ticket window. One was carrying his friend in his arms. The weight caused him to stagger.

"Two tickets to Manchester," he said. The clerk studied the money said.

The clerk studied the money that was handed to him. "Wait a minute," he said. "You only gave me the price of one ticket. How about your friend?"

The first man looked fondly at the fellow he was carrying in his arms.

"He only a baby, mister," he explained. "Only four years old."

"Four years old, my eye!" he cried. "Why, this fellow you're carrying is over six feet tall, weighs about 160 pounds—and has a beard as thick as a mattress!"

The ticket buyer dropped his burden unceremoniously. "You idiot!" he howled at his pal. "I told you to shave."

### Somebody's Mighty Stubborn.

The foreman reported that the jury was unable to agree upon a verdict. The judge reprimanded them, saying that the case was a very clear one, and remanded them back to the jury room for further deliberation.

"And if you do not reach an agreement before evening," the judge added, "I will have 12 suppers sent in to you."

"May it please your honor," spoke up the foreman, "you had better make it 11 suppers and one bundle of hay."

### Makes Lots of Difference.

Stranger—"What will you take for that fine Jersey cow of yours?"

Farmer—"That depends on who ye be. Be ye the tax collector, or has she been killed by the railroad?"

### Horse Deal

Mr. P., member of one of Boston's principal horse dealing firms, was one day trying very hard to sell a horse to the late Governor Wolcott. After assuring him the animal was just what he wanted in every way, sound, without a blemish, not a pimple on him, afraid of nothing, not even steam cars, they proceeded to take a drive to test the animal's qualities.

All went well till they reached Cottage Farm bridge, when a train dashed under and the horse nearly dashed over with fright.

"I thought," said the governor, "he was not afraid of cars."

"Well, to tell the truth," returned Mr. P., unabashed, "it ain't the cars he minds—it's the engine."

Turtles have no teeth. However, their jaws have sharp biting edges.

## DARKER FLOUR TO CONTAIN VITAMINS LOST IN BLEACHED

While The Herald has not heard yet of the arrival in Hamlin stores of the new darker flour, Jones County citizens are advised by Hannah Nabors, home demonstration agent, that the new product won't be so bad.

In fact, enriched 80 per cent flour, to be on grocery shelves soon, has the same vitamin content as enriched white flour, but is higher in protein value — energy — according to the agent.

The story of American flour, Miss Nabors says, goes something like this:

For many years modern white flour has been losing important values in milling. In order to have it white and fine, and of good keeping qualities, the outer coat of the grain was removed. With it went seven-eighths of the thiamine and niacin, three-fourths of the riboflavin and four-fifths of the iron, as well as some calcium, phosphorus and better quality protein.

Some of these values were returned when bread was enriched with three lost B vitamins, thiamine, riboflavin and niacin, also iron.

Only about 65 per cent of the flour and flour products on the market, however, have been enriched. Flours rank in this order in nutritional value: Whole wheat, enriched 80 per cent flour, enriched white flour, unenriched 80 per cent flour and unenriched white flour.

The new 80 per cent flour is much finer and lighter in color than whole wheat flour. Unenriched it has only about 40 per cent as much thiamine as whole wheat flour, only one-half as much riboflavin and iron and one-fourth as much niacin.

On the foods preparation end tests conducted by the U. S. Department of Agriculture Bureau of Home Economics under commercial baking conditions revealed that the difference in bread made with the old and new flours was not as great as had been expected. The loaves made from the 80 per cent flour did not rise quite as much as those from white flour, and the bread had a slightly off-white or creamy cast. The Bureau of Home Nutrition and Home Economics has had reasonably good success in making biscuits and pastry with the 80 per cent flour.

### Especially Fond of His Aunt.

Sunday School Teacher—"It is the duty of everyone to make at least one person happy during the week. Have you done so, Billy?"

Billy—"Yes."

Sunday School Teacher—"That's right. What did you do?"

Billy—"I went to visit my aunt a couple of days, and you can bet she was happy when I went home."

1884 — "Where Quality Reigns" — 1946

**Letter in Response to Note in Clothing Sent To Greece Received**

Nine-year-old Robert Ray Madden of Lubbock, grandson of Mr. and Mrs. V. Madden of Hamlin, is proudly displaying evidence that clothing donated by Lubbock residents for distribution overseas really finds its way to the goal.

Last week he received a well worn letter from a Greek island, so carefully written that an invitation, "write me sometime," which he included in a note stuck in a pair of pants was painstakingly copied on the envelope as part of his address.

It was nearly two years ago that Robert Ray's mother, Mrs. O. C. Madden, washed ironed and had cleaned some 25 garments, mostly children's clothing, and packed them for a drive being conducted by the First Baptist Church. The apparel was labeled "children's clothing from two to five years."

Young Robert Ray, just learning to write, included in a pair of the children's pants his address, with the "write me sometime." Then he forgot until the letter from Nea Agoea arrived. Mrs. Madden carried it to John Zournas, who with Mrs. Zournas was able to translate it.

"Hello, friendly family in America," the letter began. "Of all the clothes you sent to Greece some were given to me. In the pocket of some white trousers I found your address and decided to write and thank you for the kindness you have done for us."

"I am a widow with a baby girl. My husband was one of a group of villagers who were ordered in front of a school building and shot by the Germans. During the occupation many of the homes in our village were burned, including mine. Therefore any further assistance will be greatly appreciated. With love, Zoiros Kalagidou."

The letter bore a cancellation showing it had been mailed about January 20.

A typewriter small enough to fit into a waist coat pocket has just recently been patented.

## Five Hamlin Boys Try For H-SU Grid Berths

Five Hamlin boys were among footballers who reported this week at Hardin-Simmons University in Abilene for try-outs. The largest and possibly the most talented squad ever to answer a spring football training call at H-SU will go through initial scrimmage Friday. Sixty candidates greeted Warren Woodson, head Cowboy coach, on Parramore Field Monday afternoon to officially inaugurate the post-war return of football to the H-SU campus.

Hamlin boys seeking berths on the 1946 edition of the Cowboy squad are: Jesse Locke, 170 pounds, left guard; Jack Ellison, 204 pounds, right guard; Alvin Johnson, 180 pounds, quarterback; Bill Scott, 185 pounds, left halfback; and Bill Harbert, 170 pounds, right halfback.

### Sarcasm in the Flesh.

A long-haired man was accosted by a little bootblack: "Shine your shoes, sir?"

He was disgusted by the dirt on the lad's face. "I don't want to shine, my lad," he said, "but if you'll go and wash your face I'll give you a dime."

"Righto, guv'nor," replied the boy, as he made his way to a neighboring fountain. Soon he returned, looking much cleaner.

"Well, my boy," said the long-haired one, "you have earned your dime; here it is."

"I don't want your dime, guv'nor," replied the boy. "You hang on to it and get your hair cut."

## NEWS NOTES FROM SYLVESTER

MRS. J. M. MONTGOMERY, Correspondent

Mrs. J. W. Turner returned Thursday from Aspermont, where she visited for several days with her daughter, Mrs. Kathryn Polk, and Lane Kay.

Glen Harold King has been ill this week. He has the measles.

The junior-senior banquet was held Friday evening for two top classes of McCauley. Representative Harry Sadler was the evening's speaker.

Ada Earl Cook, daughter of Mr. and Mrs. Grady Cook, and Harold Glen Reed, son of Mr. and Mrs. Robert Reed Sr., were married Friday evening at 6:00 o'clock in the Robert Reed home. Attendants were Colleen Roquemore and James (Buddy) Montgomery. Only the immediate families and relatives were present for the rites. Bro. William Reeves, Church of Christ minister, performed the ceremony.

Mr. and Mrs. Earl Holcomb, Mrs. Sam Stephens, Mr. and Mrs. J. P. Montgomery and Milton Montgomery were transacting business at Roby Friday afternoon.

The Youth's Fellowship group of the Methodist Church had a picnic supper on the river Thursday evening. Mrs. Byron Maberry and Mrs. Homer Lawless met with the youngsters. Those present were James, Robert and Mary Evelyn Montgomery, Scott, Jeanine and Billie Sue Swindall, Betty and Velta Bell, Harley Wayne and Aurella Maberry, W. A. Hawkins, Mack Pursey, Henry McElvea and Bernice Cox.

Mr. and Mrs. Ross Douglas have moved into the home purchased from Mr. Sexton. Mr. Douglas has remodeled the house throughout.

Rev. and Mrs. Walter Deyer returned Friday from El Paso.

Mrs. Rufus Kitchens and Christine were visiting friends here last Thursday afternoon.

A group of Boy Scouts and Cub Scouts hiked out to Byron Maberry's farm Friday afternoon and camped

out Friday night. Those enjoying the outing were Alton and Kenneth Mauldin, Harley Wayne Maberry, Douglas and Billie Moffett, W. C. and Robert Devers, Onie Cox, Cecil Josey, Robert and Henry McElvea, Tommie and Billy Early, Billy Bob Warner, Scott Swindall, Charley Ross McCain, Byron Maberry and Clay McElvea.

Billy Ray Montgomery of Stanton has been visiting his grandparents, Mr. and Mrs. J. P. Montgomery, and the Milton Montgomery family. He is soon to go into the Army.

Mrs. A. B. Armstrong returned Sunday from Odessa, where she has been visiting her daughter.

Mr. and Mrs. Lee Brewer and Earlene Holcomb spent Saturday night with Mr. and Mrs. Ancil Hendricks at Roscoe and enjoyed an outing at Lake Sweetwater.

Will Kelly, Dave and Colleen Kelly and Wanda Joy Gann visited Mr. Kelly's parents in Oklahoma over the week-end.

Evgene Williams is visiting her cousin, Wanda Joy Gann, this week.

### Taken For Granted

Old Farmer Robinson broke his plow, so he decided to go to the next farm and borrow one from Framer Brown.

As he walked along he started thinking: "I wonder if old Brown will lend me that plow?"

Ten minutes later he was thinking skeptically: "I doubt if old Brown will lend it to me."

As he got near to the neighboring farm he thought positively: "I'm sure old Brown won't lend me that plow."

As he knocked at the farmhouse door, he thought, a bit angrily, "No, I'm darn certain he won't lend it to me."

Farmer Brown came to the door, smiled, and asked: "Well, what can I do for you?"

"I just came to say," snorted Robinson, "that you can keep your bloomin' plow!"

### The Usual Suspicions.

The woman autoist posed for a snapshot in front of the fallen pillars of an ancient temple in Greece.

"Don't get the car in the picture," she said, "or my husband will think I ran into the place."

## STORES WILL CLOSE

**Friday is Hamlin Day at the 1946 edition of the Hamlin Rodeo.**

**Hamlin Chamber of Commerce directors are requesting Hamlin merchants to close their stores from 2:00 till 4:00 o'clock Friday afternoon for the first performance of the rodeo as a gesture of cooperation to the Hamlin Rodeo Association.**

### Too Fast for Him.

A man caught a boy in his garden stealing apples, and handed him to the police.

As it was the boy's first offense, the judge let him off, but told him never to yield to temptation again, adding: "You have flown from the evil one."

"So I did, sir," replied the boy, "but he caught me before I got over the fence."

## Continued City Growth Seen in Water Services

Continued growth of Hamlin is reflected in tabulations of water connections at the city hall. Records of Mrs. Clinton Barrow, city secretary, reveal that more than 100 new connections have been made to city water mains during the past 12 months.

On April 1, 1946, there were 797 water connections as compared with 696 on the same date in 1945.

Tax collections for the City of Hamlin are the best in the history of the town, Mrs. Barrow declares. Eighty-nine per cent of last year's assessed taxes has been collected to date, totaling \$17,461.43.

Delinquent taxes have been paid to the lowest figure in years. Total of \$27,179.28 are shown on the city tax rolls.

Mr. and Mrs. Bobby Barrow are announcing the arrival of a daughter, Sharon Lee, on March 27, at Chicago, Illinois, where they have been making their home. The little lady, granddaughter of Mr. and Mrs. R. Y. Barrow Sr. of Hamlin, weighed eight pounds 10 ounces at birth.

## POT-SHOTS FROM McCUALEY

BY GEO DARDEN

People are frantic for homes. Black marketing of lumber and the scarcity of necessities are becoming outright disgusting. Twenty houses could be rented in McCaulley before night if such could be had. We need water and nothing much is being done about it. We need a boosters' club, but no interest shown. Some folks breathe and merely kid themselves—think they are really living. The sand blows, the rooster crows and the dog barks at the moon. Such is life in a community that has no desires with the exception of a full stomach and a bed to rest their weary bones. There is no finer community or people than our very own. If we didn't like it, then we would move out. All we need is for somebody to wake us up with an old-fashioned hat-pin and get us "on the ball."

We predict that Boyce House will seek public office this year—perhaps as lieutenant governor. He knows as much and perhaps more about Texas than any living human. He would make a good public official.

Mr. and Mrs. Tom McCasland have purchased a house from Mr. and Mrs. Warner and have moved same to town. Their home now is located on lots in the south part of town, formerly the Fred Maberry place.

Thirty-six voters turned out for the trustee election Saturday. Two new trustees were elected for a two-year term. R. L. Miers was re-elected and the new trustees are Willie Maberry and George West. Three names were on the ticket. They were W. F. Davison, R. L. Miers and A. A. Calloway, members whose terms of office expired. Several names were written on the ticket. Names and votes received follow: R. L. Miers, 31 votes; George West, 17, Willie Maberry 17, A. A. Calloway 16, W. F. Dadison 16, George Darden four, Rufus Herbst three, E. C. Waldrop two, E. A. Lawless one and L. E. Rector one. Harvey

Mary Ann McCollum was home over the weekend from McMurry College, Abilene. A Yellow Cab and Miss McCollum's car failed to dodge each other in Abilene the other day, but no serious damage was done, so the story goes.

Mr. and Mrs. Marty Block of Chicago are visiting in the home of her mother, Mrs. Flora Mason. Remember, last week we didn't know the name of the former Mildred Mason?

One out-of-state reader of The Herald writes: "I read the Pot-Shots and every word of it—even the local news—because of the fact I am afraid I will miss some 'gig' at some politician if I leave out any part of the column." Thanks, neighbor, the reason we write a Duke's mixture is because of the fact a fellow never knows what to expect next.

Mrs. Hallie R. McFatter of McCaulley has returned from a 10-day stay in Dallas.

### GENERAL COMMENTS

According to newspaper reports the United Nations Organization is about to get together and perhaps

NEXT DOOR TO CARMICHAEL TRACTOR CO.

will kiss and make up for a few days. Perhaps they were all getting over a "big toot" and were naturally inclined to be moody. After drinking one toast after another of vodka, scotch, wine and what-not you can imagine about how a bunch of folks would get along even if they are world diplomats. The United Drys wouldn't get along so well at a UNO meeting. Too many wine-sipping saps representing a great people.

We like Jerry Sadler's statement when he said: "If elected governor one of my first acts will be to request enactment by the Legislature of a proposal to create a state insurance corporation to insure the down payment and loans on homes, farms and ranches for veterans of World Wars I and II and all Texans financially unable to own a home or farm." This column has advocated from the beginning a policy of share the wealth; or, in other words, job for all at a living wage. Frankly, it is fair for one man to draw down a salary of \$100,000 per year and his neighbor, who may be better qualified, though a victim of circumstances, gets only \$25 per week? Some may say, "George, you have socialistic ideas." Call it what you may—we still contend that right is right and wrong is wrong, and might doesn't make right and neither does money make the man. Some of our greatest men died paupers, and after death their works were hailed as a great contribution to mankind. We often think of that great poet, Edgar Allan Poe, whose works and writings will live on even though he died friendless and without money. Peace and harmony among men or nations will never come to pass if we continue the attitude: "Am I my brother's keeper?"—A Darden-O-Gram.

It was a big night last Monday night at the district court room in Roby when the Cub Scouts of Roby, McCaulley and Sylvester, with their parents and Scout leaders, met for a picture show of Cub Scouting, showing the Cub Scout in the home, in the den and in the pack. About 40 Boy Scouts, Cub Scouts, Scout leaders and parents from McCaulley and community attended. The first reel showed the Cub Scout in the home, the second reel showed the Cub in the den, and the third reel showed the Cub at work in the pack. All was very interesting. After the show Jimmy Darden led the Cubs in the Cub promise. Scout leaders and Cub leaders present were: E. C. Waldrop, Scoutmaster; LeRoy Prather, Cubmaster; and George Darden, assistant Cubmaster. Den mothers present were Mrs. LeRoy Prather and Mrs. George Darden.

Wedding bells are about to ring once again in the old home town, so goes the grapevine. Department stores are doing a big business in sun-glasses and eye-shades due to the fact that the flash of diamonds on the finger of Maxine is hard on the eyes.

Mary Ann McCollum was home over the weekend from McMurry College, Abilene. A Yellow Cab and Miss McCollum's car failed to dodge each other in Abilene the other day, but no serious damage was done, so the story goes.

Mr. and Mrs. Marty Block of Chicago are visiting in the home of her mother, Mrs. Flora Mason. Remember, last week we didn't know the name of the former Mildred Mason?

One out-of-state reader of The Herald writes: "I read the Pot-Shots and every word of it—even the local news—because of the fact I am afraid I will miss some 'gig' at some politician if I leave out any part of the column." Thanks, neighbor, the reason we write a Duke's mixture is because of the fact a fellow never knows what to expect next.

Mrs. Hallie R. McFatter of McCaulley has returned from a 10-day stay in Dallas.

## Clarence Reynolds Gets Discharge from Army

It's Mister Clarence M. Reynolds since his discharge April 3 at Fort Bliss. The son of Mr. and Mrs. B. V. Reynolds of McCaulley, Clarence served for several months in the Pacific area. He was with the 314th General Hospital on Luzon. He saw duty with the Military Police at German and Italian prison camps before going overseas.

Clarence and his wife, the former Nadine Bingham of Hamlin, are visiting in the homes of his sister, Mrs. Rayburn Higdon of Hamlin and his parents, Mr. and Mrs. B. V. Reynolds of McCaulley and also Mrs. Reynolds' mother, Mrs. Agnes Bingham, in Hamlin.

Mr. and Mrs. Reynolds will soon make their home at Borger, where they will resume their work with the B. F. Goodrich Company.

NUMBER 23

## Hundreds Expected at Hamlin Rodeo

### Contract for New School Seen in May

ACTUAL WORK SCHEDULED TO BEGIN LATER IN MONTH—SPECIFICATIONS SOON

Developments in plans for erection of the new \$125,000 school building for Hamlin continue to point to the awarding by May 15 of the contract for its erection, school officials told The Herald Wednesday morning.

Floor, roof and foundation plans for the building were submitted this week to the school board by Don W. Smith of Sweetwater, architect for the edifice. Original plans for the structure were submitted and approved several weeks ago.

Only minor details are lacking on the plans, and general specifications will be ready for the bidders within the next few days, school authorities declare. These specifications will be made available to contractors, from which bids will be figured.

With call for bids scheduled for the middle of May, actual construction is expected to get underway by the latter part of May.

School officials stated this week that possible expansion additions will be made by the time bids are ready for submission to contractors in view of slated consolidations with several neighboring school districts. Neinda district already has called an election to determine if that district shall be consolidated with Hamlin district. Celotex district has asked for petitions for consolidation, and other districts are pondering the consolidation move.

The school plant as already planned will care for some additional enrollments, but school authorities say further added facilities may be necessary.

### STONEWALL STAYS IN DRY COLUMN AT SATURDAY VOTING

Stonewall County remained in the "dry" column when voters Saturday rejected the legalization of the sale of beer of not more than four per cent alcoholic volume by a margin of more than 200 votes.

With tabulation of the four major voting boxes complete, the ballot count first of the week read 402 for and 618 against the legal sale of beer.

The more than 1,000 vote total in Hamlin neighbor county to the north indicated unusual interest in a special election, local political observers said. A large number of former service men participated. Potential voting strength of the county is estimated at about 1,500.

Stonewall County has been "dry" since voting out beer in 1936. Sale was legal in parts of the county for two or three years prior to that election.

The county lies in the approximate near-center of a large number of West Texas counties in which sales of both intoxicating liquors and beer are outlawed.

### Highway Crew Needs Places to Live in Hamlin

More folks need places to live in Hamlin. Home owners are urged again by the Chamber of Commerce to arrange to care for newcomers.

H. G. Grimmett, superintendent of the Hamlin-McCaulley highway construction, scheduled to begin soon, was in Hamlin Tuesday asking for rooms for from 25 to 30 men. They will be here for four to five months, and some of the men will want apartments for their families when school is out at the end of the school year.

Hamlin people who can arrange to care for some of the crew are asked to contact the Chamber of Commerce office.

### RODEO ANNOUNCER

### Only 25 Vote In Saturday Trustee Cast

LA FOY PATTERSON ELECTED NEW SCHOOL OFFICIAL AND A. SPENCER RENAMED

One new member was added to the school board of Hamlin Independent School District when voters of the district Saturday showed little interest in the election by polling only 25 votes. Voting strength of the district is nearly 400.

LaFoy Patterson, the new member of the board, succeeds L. H. McBride, resigned. Ambrose Spencer, who has been a local trustee for three years, was re-elected. Those named in the Saturday voting will serve for three years.

Carry-over trustees are: Holly Toler, president, Fred Carpenter, C. C. Bailey, Eddie Jay and Delma Shelburne. Spencer has been secretary of the school board.

Patterson and Spencer will be installed at the first regular meeting in May, when fiscal school year will begin, according to Hamlin Schools Superintendent I. R. Huchingson.

A. B. Carleton received 25 votes as trustee from Precinct No. 1 to serve on the county school board.

### McCaulley Voters Poll 36 Ballots in Election

McCaulley voters Saturday showed Hamlin folks how to hold an election for school trustees when more than a third more voters went to the polls than appeared in the voting booths in Hamlin.

Two new trustees were elected for two-year terms by McCaulley voters when 36 citizens expressed their preferences. R. L. Miers was re-elected, and the new trustees are Willie Maberry and George West. Names of W. F. Davison, R. L. Miers and A. A. Calloway were on the ticket.

Receiving votes were: R. L. Miers 31 votes, George West 17, Willie Maberry 17, A. A. Calloway 16, W. F. Davison 16, George Darden four, Rufus Herbst three, E. C. Waldrop two, E. A. Lawless one and L. E. Rector one.

### Oil Man Turns Fisherman.

And now it's a Hamlin oil operator spreading his arms to indicate the length of the fish he snagged. Charles E. Green was telling his friends—and showing proof in a few instances when pushed for veracity—about a four pound seven ounce bass caught early this week in the Hamlin new city lake.

### Pa and Ma at the Rodeo Add Spice to Typical Show

#### BUENA VISTA DUNCAN

Pa: Come on here, Ma. From the looks of all these folks, we won't be able to find a seat.

Ma: All right, I'm coming. Never seen so many folks since that time we went to see Molly Bailey.

Pa: Here, Ma, here are lots of seats and stop staring at that woman with them pants on. What do you mean we can't set here? Here's our tickets—says grandstand. This is the grandstand, ain't it? Ma, he said these seats are reserved.

Ma: Guess we can get a box and set out here, can't we?

Pa: No, Ma, that's where they're going to have the show. Come on, here's a couple.

Ma: Well, Pa, we have been waiting to come to this rodeo for a long time. And what's these things for?

Pa: They are to tell you what's going on; think it's about time to start.

Ma: Land sakes alive, that man shore got a strong voice; hear him clear over here.

Pa: No, don't you know nothing, he's talkin' over one of them radios. What did he say?

Ma: Something about a judge. Now, Pa, if these politicians are going to start making campaign speeches, I'm going back to the wagon yard.

Pa: Ma, there are different kinds of judges, they have to have judges to tell who gets the prize.

Ma: What are they all riding around out there in a circle for?

Pa: That's the grand entry. If you would look on that piece of paper you have got, you wouldn't have to ask so many questions. There goes the last one out. Wonder what they are going to have next?

Ma: Look, Pa, what are they chasin' that calf around for?

Pa: Guess we got loose.

Ma: Shucks, it don't take two to catch him, does it? I'll bet Elmer could catch him and not even have a horse. Look that, Pa, they've caught him and tied his feet together.

Pa: Durn, it shore made that man

### PRINCIPALS IN FIRST BAPTIST REVIVAL

New pastor, John H. Osteen, left, will be evangelist in a series of revival services beginning Sunday morning at the First Baptist Church, and continuing through April 21, congregation leaders announce. Ewell Bone,

### BAPTIST PASTOR TO PREACH IN REVIVAL STARTING SUNDAY

John O. Osteen, new pastor of the Hamlin First Baptist Church, will do the preaching in a spring revival at the church beginning Sunday at the 11:00 o'clock service. Ewell Bone, educational director of the First Baptist Church in Abilene, will direct music for the eight-day series of services.

Osteen, who is completing his first month as pastor of the Hamlin congregation, asks The Herald to extend invitation to all the people of the community to attend the services. Day meeting will be at 2:00 o'clock in the afternoon, and evening services will be started at 8:00 o'clock. Pastor Osteen promises a series of inspirational messages suited to the needs of the times.

With Director Bone leading, the music of the services will be a feature. Two pianos will be used as accompaniment for congregational singing. Special musical numbers are slated at each evening service.

Services in the church Sunday will climax celebration by the congregation of Youth Week, when young people of the church have filled official posts in the church. Young people will usher, take collection, sit in the choir and give special musical numbers.

A special group from Hardin-Simmons University, Abilene, will be presented a musical special. A fellowship meeting for the young people will follow the Sunday evening service, Rev. Osteen announces.

### MRS. MORTON WILL DIRECT HEREFORD GROUP AREA TOUR

Mrs. Faye Young Morton of the Y-6 Ranch was named several days ago as chairman of the West Texas Hereford Association tours for this spring. She succeeds C. M. Caldwell of Abilene.

Three all-day tours are being slated for this spring, according to Mrs. Morton. Itinerary will begin May 14 when entourage of Hereford cattle breeders and others interested will go south from Abilene. On May 15 the group will come north, which will include a noon stop at the Y-6 Ranch, north of Hamlin, when several Hamlin business men and others will assist in entertaining the visitors. The Hardy Grissom ranch will be visited on May 16.

West Texas Hereford Association, Mrs. Morton reports, is the largest Hereford group in the country, its membership rolls numbering more than the Texas Hereford Association.

More Fish Stories in Making.

Ho, hum! Guess the natives will have to endure another season of stories about the "fish we caught down in Old Mexico." Stanley Carmichael and Ted Russell believed the tales Art Carmichael brought back last week from Lake Don Martin, and followed Art back to be shown this week. The party left Monday and is scheduled to return Thursday.

### Final Touch Being Put to 2-Day Show

LEWIS BLAIR AND TRICK MULE SIGNED—CONTESTANTS FOR EVENTS BEING ENTERED

Final settings are being added to the stage for the greatest Hamlin Rodeo in the history of the town, officials of the Hamlin Rodeo Association declared Wednesday. With pretty weather for the two-day show, hundreds of visitors were expected to come to this Northwest Jones County metropolis as spectators and contestants.

Announcement was made Wednesday that Lewis Blair of Dundee had agreed to be this year's clown at the rodeo. The prankster will bring his trick mule along for company. Blair explained to rodeo officials that he would be the one wearing a hat when the pair arrives in town.

Danny Daniels of Borger will be announcer for the events at the rodeo grounds. Broadcasting equipment is being furnished by the Abilene Army Recruiting Station.

A splendid array of contestants in the seven events of the rodeo had indicated they would fight hard for the more than \$1,000 in cash prizes offered during the four performances Friday and Saturday. Registrations are being accepted at rodeo headquarters upstairs in the city hall.

Starting time for the events will be 2:00 and 8:00 o'clock p. m. each day. Contests in calf roping, saddle and bareback bronc riding, bull riding, wild cow milking, cutting horse contest and boys' calf scramble will offer plenty of thrills as competition will be keen, show officials say.

On the beauty side of entertainment ledger will be community sponsors from a number of West Texas towns. Prizes of at least \$50 were slated to be awarded to winners of first, second and third places in the seniors sponsor events.

Additional prizes were posted by Hamlin merchants for awarding to Hamlin area junior sponsors.

Admission prices are 50 cents for children and \$1 for adults, including tax. No reserve seats will be sold, and attendants will get seats of their choice as they arrive. Season tickets at a reduction are being sold by the Keefer-Patterson Post of the American Legion, and the Legionnaires are to have complete charge of ticket sales at the gate.

### Teddy Russell Becomes Bluebonnet Cafe Owner

Teddy Russell became over the weekend new owner of the Bluebonnet Cafe, purchasing the interest of Jack Hindman, who has operated the business for several weeks.

Teddy, son of Mr. and Mrs. W. C. Russell, is a long-time resident of Hamlin. Hindman will go to New Mexico to enter business, he states.

New Bluebonnet proprietor announces the place will be closed all day Tuesday for repainting and repairs.

### Test for Foundation of New School Completed

Test for foundation for the new elementary school building in Northwest Hamlin revealed no settling in the site for the new structure, Superintendent of School I. R. Huchingson said this week. No complications are expected in placing of the foundation, school board members declare.

Test was made by digging a one-foot square opening five feet deep; then a 3,000-pound weight was laid on the test block for three days, and a 6,000-pound weight for two days. The block was watered down to ascertain if settling would take place. The 6,000 pound load is more than will be required of a square foot of the \$125,000 school building.

# WOMEN IN THE NEWS

## Teen-Agers Enjoy Gathering at Lake

A large group of teen-agers met at the cabin of Jerry Waggoner at the new Hamlin Lake Saturday evening for one of the season's social highlights. Mothers of the teenagers who attended were Mmes. Hargrave and Barnett.

After refreshments, which consisted of soda pop and cookies, were served and a few more hours' entertainment, the group said good-bye.

Teen-agers who attended were Joyce Barnett, Verlene Stewart, Jo Hargrove, Elma Lee Brewer, Phyllis Richardson, Margaret Ryan, Beverly Ann Harvey, L. J. Fletcher, E. L. Jenkins, Charlie Johnson, Edith Scott, Gene Richardson, Bob Miles, Billy Bagwell, James Rodgers, Alton Bagwell, Jimmy French, Shorty Myers, Brad Rowland, Larry McCoy, Elizabeth Butcher, Suzanne Tolier, Betty Jane Barry, Thomas Marr, Jane Adams, Jeannette Bevels, Buzz Daniels, Joe Clements, Shirley Baggett, John Barnett, Lyndall Beard, Lain Jones, Walter Carter, Margaret McBride, Dora Joyce Culbertson and Doyle Dean;

Sharlot Riddle, Brad Rowland, Ray Myers, Herman Woods, Mrs. Ross Fomby, Mrs. Frank Waggoner, Bill Harbert, Jo Anne McCrary, Don Baize, Bill Pritchard, Joe Weir, Elton Bigham, Harvey Rivers, Paul Steed, Norman Lasseter, Mozelle Barnett, Jessie Locke and James Sedberry.

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite and digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

**CARDUI**  
\* SEE LABEL DIRECTIONS

## Keith Louise Jobe and Dean Witt Married

Sunday afternoon at 3:00 o'clock in a double ring wedding ceremony read by Rev. E. C. McDonald in the First Baptist Church at Ropesville, Keith Louise Jobe, daughter of Mr. and Mrs. A. W. Jobe of Wilson, became the bride of Durward Dean Witt, son of Mr. and Mrs. I. R. Witt of Hamlin.

Church decorations consisted of baskets filled with carnations, ferns, palms and white tapers. Janice Cates played wedding marches, "Indian Love Call" and accompanied Eudonia McCormick as she sang "I Love You Truly." Nelda Jobe and Fay Collins lighted the candles.

Given in marriage by her father, the bride wore an ice blue suit with black accessories and carried a white Bible topped with white roses.

Mrs. Gene Witt of Hamlin, matron-of-honor, wore a cadet blue suit with black accessories and a corsage of pink rosebuds. Jimmy Collins and Sue Lenniken were ring bearers.

The bridegroom's twin brother, Durward Gene Witt of Hamlin, was best man. Ushers were Myles Lyndon Collins and T. J. Redman Jr.

A reception followed in the home of Mr. and Mrs. M. M. Collins of Ropesville, aunt and uncle of the bride. A three-tiered wedding cake centred the bride's table. The couple was assisted in serving by Mmes. M. M. Collins, J. F. Dahnke, Glen Bratcher, Myles Lyndon Collins and T. J. Redman Jr.

Mother of the bride wore a black and white checked suit with black accessories and a corsage of deer-pink carnations. Mother of the bridegroom wore a black suit with black accessories and a corsage like that of Mrs. Jobe.

After a wedding trip to San Antonio and other points in Texas, the couple will be at home at Hamlin. For travel the bride wore a black gabardine suit with white accessories and a white rosebud corsage.

The bride is a graduate of Ropesville High School, and the bridegroom was graduated from Hamlin High School. He served 22 months overseas.

Out-of-town wedding guests were from Hamlin, Lubbock, San Angelo, Anson, Seagraves, Levelland, Abilene and Breckenridge.

Phone 241 and tell us your news.

## MARRIED SUNDAY

Above is Mrs. Durward Dean Witt, the former Keith Louise Jobe of Ropesville. The couple was married in a ceremony Sunday afternoon at Ropesville. They will be at home at Hamlin after a honeymoon to San Antonio and other Texas points.

## Cook-Reed Wedding Rites Said at Sylvester

Ada Earl Cook, daughter of Mr. and Mrs. Grady Cook, and Harold Gene Reed, son of Mr. and Mrs. Robert Reed Sr., both of Sylvester, were married Friday evening at 6:00 o'clock at the Robert Reed home in Sylvester. William Reeves, Church of Christ minister, performed the ceremony.

Attendants were Colleen Roquemore and James (Buddy) Montgomery. Only the immediate families and relatives of the couple were present for the rites.

The bride is a graduate of Ropesville High School, and the bridegroom was graduated from Hamlin High School. He served 22 months overseas.

Out-of-town wedding guests were from Hamlin, Lubbock, San Angelo, Anson, Seagraves, Levelland, Abilene and Breckenridge.

Phone 241 and tell us your news.

## Literary Club Hears Report for Federation

Woman's Literary Club met in the home of Mrs. W. J. Poe Friday afternoon. The meeting opened with a prayer by Mrs. W. A. Albritton.

Mrs. O. D. Roland, delegate to the district convention of Women's Federated Clubs, which convenes at Mineral Wells, read the report that she will present at the convention. The report was an interesting resume of the year's accomplishments.

Mrs. Roland, who has been counselor for the Junior Literary Club, also reported a successful year's work and a club that any town would be proud of.

Mrs. H. O. Cassle gave a few criticisms of the book to be reviewed, and introduced Mrs. R. D. Moore, who brought an informative review of "A Nation of Nations" by Lewis Adamic.

## McCaulley Women In Texas Program

McCaulley Home Demonstration Club met in the Milo Gray home last Wednesday and featured a program on our own "Beautiful Texas." Mrs. C. A. McHone gave the history, touching the highlights from its early beginning to the present. Mrs. J. A. Jackson contributed some interesting information about Texas songs, birds and flowers. She also presented each one present a packet of bluebonnet seed.

To increase our funds each member brought a potted plant and made a purchase of 25 cents.

A delicious refreshment plate was served to Mmes. W. M. Fancher, J. A. Jackson, Horace Barton, Joe Miers, Glen Henderson, C. A. McHone, Gray, Martin, Brown, Luther Maberry, Fred Hemphill, Ray Maberry, C. A. Lee, Rufus Herbst, L. C. Boyd, J. A. Miller, Milo Gray and Hallie B. McFatter.—Reporter.

## Anna Beth Tidwell Weds Oklahoma Man

Mrs. W. C. Tidwell is announcing the marriage of her daughter, Anna Beth, to Gordon Melin of Frederick, Oklahoma. The wedding ceremony was read at the home of Bro. Ashford at Abilene last Tuesday.

For her wedding the bride wore a gray suit with black accessories and a corsage of pink and white carnations. The only attendants were the bride's mother and brother, Jeanne Snowden and Mrs. Lula Jones of Abilene.

The bride-elect graduated from Hamlin High School in 1940, and attended Draughon's Business College at Abilene. She has been employed at the municipal airport with the United States Weather Bureau at Abilene for the past two years.

The bridegroom has recently been discharged from the Army, having served for 15 months in the Pacific Theater of Operations.

The newlyweds will leave soon for Wisconsin to make their home.

## Mrs. Bonds Hostess to Methodist Class

Mrs. L. C. Bonds was hostess to a social for the Comrades Sunday School Class of the Hamlin Methodist Church at her home Monday evening.

After the business meeting, tables of forty-two and rummy were enjoyed by attendants.

Refreshments were served to 13 members and the class teacher, Mrs. E. M. Wilson.

Phone 241 and tell us your news.

## Engagement of Mildred Barrow Announced

Mr. and Mrs. Robert Y. Barrow Sr. of Hamlin are announcing the engagement and approaching marriage of their daughter, Mildred, to Dr. Homer C. Wheeler, son of Mrs. Mattie Wheeler of Sallisaw, Oklahoma.

The bride-elect attended Hamlin Schools and was graduated from John Tarleton College, Stephenville. She took her training for medical technologist at Scott & Scott Clinic at Temple and was employed there four years before moving to McAlester, Oklahoma, where she is employed at the McAlester Clinic.

Dr. Wheeler is a graduate of the University of Oklahoma Medical School. Since his return from four years' service in the Army, he has been associated with the McAlester Clinic.

Plans are being made for an early summer wedding.

Lottie Hines of Fort Worth is visiting Mr. and Mrs. J. J. Hines and other relatives at Hamlin this week.

## DR. CHASTAIN'S MEDICAL CLINIC'S SECOND ANNIVERSARY

As we folks down at Dr. Claud H. Chastain's Medical Clinic look back up our efforts to give Hamlin territory a medical and surgical service, we are pleased at the success that has attained our endeavors. We appreciate the support the people have given us, and pledge our continued efforts to improve our services and facilities.

Two years ago my wife and I started out from "scratch," you might say. We were unable to obtain any equipment, but we have bought a little here and a little there, until we now have five beds and a small modern clinic, with X-ray, fluoroscope, Electric Cautery, Naval Oxygen, Nitrous Oxide and Oxygen, Ether Machine with suction and pressure units, and an almost complete Laboratory, and we are doing major and minor surgery. We have just received our new modern operating table. When we are in St. Louis, Missouri, within a few days, we intend to pick up some more equipment. We are, and have been, on the waiting list for a Basal Metabolism Machine and Electrocardiogram.

Mrs. Chastain received her Bachelor of Science Degree from the Northeast State Teachers College, Kirksville, Missouri, and is in charge of X-ray and the Laboratory.

We have already received our pharmacy permit, and have applied for a hospital license. Then we will be known as Chastain's Medical Clinic, Hospital and Pharmacy, Inc. We hope it will be a credit to its name, a sit is to be a living monument to my mother and father, who helped start this town. They were very active in civic affairs back in Hamlin's early days. When Dad was mayor of Hamlin he helped build what we called the "new lake" with the concrete dam that gave us water when other towns had to ship theirs in.

When we get a government loan we will have 25 or 30 beds instead of five. Our building will be made Spanish style, very modern, and a non-profit institution, with an open staff to any medical doctor in good standing, regardless of his school of practice. A registered nurse will be supervisor.

Congratulations to the Hamlin Memorial Hospital Association. We hope we can work together and make Hamlin a real health center. Members of the association wishing to be treated by me or my staff will have the benefits of the association, but must pay us our regular fee.

While I am away I hope to bring back a doctor for my assistant. Major surgery will be done by a surgeon from Stamford Sanitarium unless you prefer someone else. We will honor all hospital insurance except the Blue Cross Insurance. We cannot honor it at this time, but hope to be able to some day.

All who can see their way clear to join the Hamlin Memorial Hospital Association should do so, as we need two hospitals, as competition is the spice of life. We both will strive to do better work and give better service.

Hoping to give you better service and do better work in years to come—Your home town boy, friend and doctor.

DR. CLAUD H. CHASTAIN,  
Physician and Surgeon

JEAN CHASTAIN, B. S.,  
X-Ray and Laboratory Technician.

## HISTORY OF WILL ROGERS HAS BIG PART LIFE OF EVERY MODERN DAY COWBOY

never and wherever cowboys the conversation is sure to round to the memories of the best of all cowboys—Will Rogers whose kindly philosophy and wit humor made the world laugh, and understand for more than a century. One of Will's greatest forces was his ability to utilize the might of simple words.

"I'll bet Mark Twain and Bill Nye and Whitcomb Riley and a whole bunch of those old joshers was jest waitin' for you to pop in with the latest ones."

"What kind of a bird is Washington, and Jefferson? I bet they are regular fellows when you meet 'em, ain't they? Most big men are. I would like to see the bunch that is gathered around you the first time you tell the one about putting the limburger cheese in the old nester's whiskers."

"Don't tell that one, Charlie, until you get Lincoln around you. He would love that one. I bet you and him kinda throw in together when you get well acquainted."

"When I get to thinkin' about all them top hands up there, if I could just hold a horse-wranglin' job with them, I wouldn't mind following that wagon myself."

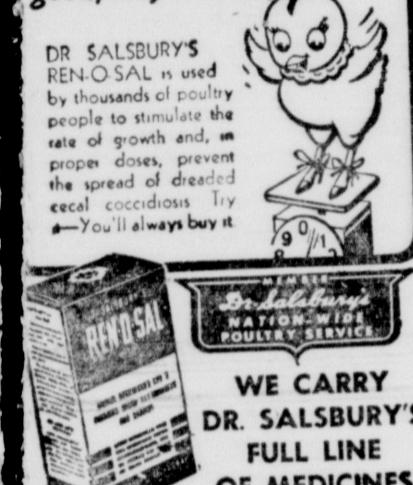

"You'll run into my old dad up there, Charlie, for he was a real cowhand. And I bet he is running a wagon. And you will pop into some well kept ranch house over under some cool shady trees and you'll be asked to have dinner and it will be the best one you ever had in your life."

"Well, when you're thanking the women folks you just tell the sweet looking old lady you knew her boy back on an outfit you used to rope for and tell the daughters that you knew their brother. And if you see a cute little rascal running around there, kiss him for me."

"Well, I can't write any more, Charlie, the darn paper is all wet. It must be raining in the old bunk house. Of course, we are all just a-hanging on here as long as we can. I don't know why we hate to go—it's better there. Maybe it's because

### A WARDROBE MUST

This "indispensable" cotton town suit designed by Mollie Parnis of New York, is the National Cotton Council's "dress-of-the-month" for March. The suit's rounded skirt line and tiny basque jacket are definitely different. It can be worn with the jacket for town or without for country.

### SERVING IS VITAL IN HOME UTILIZATION OF FROZEN FRUITS

Serving is the important factor in enjoying frozen fruit at its best, says Hannah Nabors, county home demonstration agent for Jones County, in a release to The Herald. If simple rules of serving are not followed loss of flavor, texture and shape are apt to result.

As pointers in getting the best results from frozen fruits, Miss Nabors give these suggestions:

First of all, serve it at once with only slight thawing. If the fruit is to be cooked, thaw just enough to separate the pieces. If it is to be served raw, leave it just a little icy.

Thaw just the amount of fruit you will use at one meal. If this means breaking a package, Miss Nabors suggests keeping the unused portion well wrapped and frozen and storing it in the freezer.

In the thawing process, leave the fruit in its sealed container if possible. Fresh air destroys fresh flavor. Thawing in the refrigerator takes six to eight hours. Two to three hours should be allowed to thaw at room temperatures. If you wish to speed up the process, place the package in a dish under cool running water and the fruit will thaw in 30 minutes to an hour.

Once frozen fruit has been thawed, it should not be re-frozen. Freezing decreases the good flavor and robs the fruit of some of its nutritive value, says Miss Nabors. If you must hold it as a leftover, heat it briefly to prevent further loss to the eating quality and store it cold. Even in the refrigerator it will lose some of its fragrance and flavor.

Fred Allen, who will not write capital letters lest he lose the labor reader, is now planning to manufacture kleenex for weeping willows.

we haven't done anything that will live after we're gone.

"Your old friend, WILL."

### IF YOU ARE PALE, WEAK 'DRAGGED OUT'

due to MONTHLY LOSSES—

You girls and women who lose so much during monthly periods that you are pale, feel tired, weak, 'dragged out'—this may be due to lack of blood-iron.

So start right away—try Lydia E. Pinkham's TABLETS—one of the best and quickest home ways to help build up red blood to get more strength and energy—in such cases.

Pinkham's Tablets are one of the greatest blood-iron tonics you can buy. Just try them for 30 days—then see if you, too, don't remarkably benefit.

Pinkham's Tablets are also famous to relieve monthly pain due to female functional monthly disturbances.

### "GOOD NEIGHBOR" SUGGESTIONS for party-liners

Before calling, please listen to see whether the line is in use. If it is, hang up gently and try your call again a little later.

When talking, remember your party-line neighbor—he may want to make a call—so please be reasonably brief.

Between calls, try to allow a little time so the other people on the line may have the opportunity to use it.

Ask the children to follow these good neighbor suggestions, too.

Thanks a lot.

## BABSON ADVISES CONTINUED ADVERTISING

This is one thing Roger Babson, famous economist and forecaster, said in this 1946 picture of things to come:

"Manufacturers, merchandisers and other business men should not let down on their newspaper advertising in 1946."

"Owing to the elimination of excess profits taxes, there may be a tendency for some advertisers to curtail. This would be a great mistake. By any such move advertisers could easily lose much of the value and goodwill which—through advertising—they have built up during the past few years."

"Remember that you will need this goodwill a few years hence, when sales fall off."

## HAMLIN WELCOMES RODEO VISITORS

"Glad to see you, pardner! Hope you have a good time at our rodeo this week-end."

Cheery greetings from Hamlin people this Friday and Saturday will mean much to the hundreds of visitors who will come to our little town for the annual Hamlin Rodeo. Our people will be a little more cordial and expressive of appreciation for strangers that come our way. They will notice the friendliness of our people. Those who are not already familiar with the reputation of Hamlin for friendliness can be added to those who go away saying "Hamlin is the friendliest little city I know."

Such a reputation is good for the town and good for the people involved. Little pleasantries and greetings are not soon forgotten. They are instrumental in attracting new residents to a community.

And, after all, a smile and a cheery handshake make the instigator feel better inside. He gets more joy out of living. The old adage about joys are multiplied when they are divided is trite. Try it!

## WE'RE MIGHTY CONTRARY AT SIXTY

Now comes a woman, Mrs. Raymond Clapper, who rings the bell with startling news that man can live to be 200 years old if he is properly treated with circulatory and glandular serums, etc. She sets forth the idea seemingly that most people live too short lives. They could be lengthened as to living many years if only allowed to do so, submitting to treatments in the above line.

We know that many people live to be nearly 150 years of age in Bulgaria. They attribute their age to drinking buttermilk. People, especially men, are found at any time in that country who are 125 years of age. Many go over that number.

Mrs. Clapper says there is no doubt that within another year people can be started on a 150-year marathon of life, and she seems to think the 200-year mark is not far off. Just think of that! If George Washington had been treated with some of the serum she speaks of he would have been dead only about 30 years, or passed away in 1916.—Stamford Leader.

## LET'S WORK WITH CITY COUNCIL

Hamlin, like many others Texas cities, has new members on her City Council. The members were named by a majority of the voters in the Hamlin community. They were elected to attend to the business matters of the corporated city.

To be sure, the members of the City Council are busy men. They have agreed to serve their community because they have the welfare of their town and community at heart. The six-member council will try to handle the business of the city to the best of their ability, and The Herald bespeaks successful tenure for the members.

But the purpose of this editorial is to urge the citizens of the town to back up the actions of their officials. The mayor and aldermen will appreciate the suggestions and criticisms of the citizens of Hamlin. In fact, they covet the ideas and suggestions of the people they serve during their service in office. Best operation of the council form of government comes from working together of the members of the official group and the citizenship.

Let us all be quick to commend the actions of the City Council and slow to condemn their actions. Many times little frictions are caused by talk of citizens who are not aware of the entire circumstances connected with some action of the council.

With every citizen's cooperation the town will go forward during the coming year. There is much to be done, but with all working together, we can get the job done!

## WHAT CONTEMPORARIES ARE SAYING

## MOTHER NATURE HAS BEEN AWESOME FOR CENTURIES

The people of the world were amazed and astounded when men dropped a man-made bomb on a Japanese city and virtually destroyed it. Men everywhere have stood in awe of the atomic bomb ever since. But the forces of nature, brought into play in a natural way, here and there over the face of the earth at irregular intervals of time have been no less terrific and destructive. An undersea earthquake somewhere in the Pacific set the mighty waves to rolling a few days ago that lashed the shores from one side of the ocean to the other that wrought great havoc in the Hawaiian Islands. The city of Hilo was almost wrecked. The ocean was churned into mad fury for thousands of miles in many directions, and the California sea coast felt the shock of the terrific disturbance.

We doubt if man will ever be able to release forces that will be more awesome and destructive than those released at intervals by old Mother Nature in the earthquake and in volcanic eruptions.—Tahoka News.

How shall I do to love? Believe. How shall I do to believe? Love.—Leighton.

Mankind will be God-governed in proportion as God's government becomes apparent, the Gold Rule utilized, and the rights of man and the liberty of conscience held sacred.—Mary Baker Eddy.

All are not just because they do no wrong; but he who will not wrong me when he may, he is truly just.—Cumberland.

## U.S. SAVINGS BONDS STILL BEING TAKEN BY HAMLIN REGION

Sales agencies of savings bonds in Hamlin report that people of this region are continuing their regular purchases of the securities. They point out that the bonds may be purchased indefinitely, and that interest grows now just as it did on war and victory bonds.

"Texans are not only patriotic, as evidenced by their record purchases of U. S. war bonds during the war years," Nathan Adams, state chairman of the advisory committee for Texas, declared, "they are also thrifty. With the war over, Texans continue to buy U. S. savings bonds in a satisfying manner with a total of \$17,681,000 invested in Texas during January.

"Availability of U. S. savings bonds with the same rate of interest as war and victory bonds is a direct result of demand by management, employees, and schools throughout the land," he continued. "Savings bonds are being handled on the same basis as war bond purchases with payroll savings plans, banks, schools and other issuing agents. Too much stress cannot be put on the value of accrued savings through savings bonds investment for both the individual and the nation. The individual could continue to save for his own security and for the security of the financial structure of his country.

"The best way to safeguard the country from ruinous inflation is for individuals to continue to invest in U. S. savings bonds," Mr. Adams concluded.

National sales of E bonds in January amounted to \$640,900,000 which was 80 per cent of the January, 1945, rate, according to figures released by the savings bonds division of the U. S. Treasury. Redemptions for the month amounted to only one per cent of all the outstanding E bond holdings.

## Lester Morton Training Under G I Plan at Bank

Lester Morton recently became an employee of Farmers & Merchants National Bank under the G. I. training program. The local bank is one of a very few banks in West Texas that have been certified for such training. Earl Smith, employed for some time at the bank, is also working under the government plan.

A graduate of Hardin-Simmons University, Abilene, Morton served for several months in the South Pacific with the Army Air Corps.

## Katy's ANNUAL REPORT

## on its DIAMOND ANNIVERSARY YEAR...

### How Katy's Dollars... were Earned and Used!

#### 1945 Income Account in Brief

DOLLARS EARNED	
Transportation of Freight	\$63,533,030
Transportation of Passengers	13,052,816
Other transportation Revenues	6,508,048
Making a Total Operating Revenue of	83,093,894
Other Income Was	224,823
Making a Total Income of	83,318,717

DOLLARS USED	
Wages and Salaries Paid Employes	\$34,319,191
Miscellaneous Materials, Rental of Equipment, Etc.	20,007,724
Taxes	12,973,903
Locomotive Fuel	4,393,741
Depreciation Charge on Rolling Stock and Structures	2,675,732
Making a Total Operating Expense of	74,370,291

LEAVING	
Income before Fixed Charges of	\$8,948,426
Fixed and Contingent Charges	3,080,827

RESULTING	
In Net Income After Fixed Charges and Other Deductions	5,867,599

OF WHICH	
There was appropriated for Possible Increase in Tax Liability and for Other Purposes	2,000,000
Balance of Income Transferred to Earned Surplus	\$3,867,599

With the victorious conclusion of the war, Katy also celebrated its 75th year of service to the Nation and the Southwest.

Operating revenues for the year were lower than 1944 by \$928,148 but the decrease was more than offset by a reduction of \$1,680,808 in operating expenses. Decrease in operating income occasioned by an increase in taxes was overcome in part by reduction of rent and interest payments. Income carried to earned surplus was \$3,867,599.

Continuing a long-term program of modernization and fixed-charge reduction, designed to place the railroad in a more favorable position to meet the foreseeable future, Katy's physical properties during the year received the benefit of \$26,006,455 worth of intensive maintenance and construction, at the same time bonded debt was being reduced by \$4,538,500. Total fixed-interest debt reduction in the 4 years ending December 31, 1945 aggregates \$41,686,765.

Today, the Katy is eminently fitted both in plant and capital structure to handle the traffic to and from the most rapidly growing section of the U. S. Seventy-five years old in experience, it is one of the newest railroads in morale and physical equipment.

## MISSOURI-KANSAS-TEXAS LINES

Friday, April 12, 1946

THE HAMLIN HERALD, HAMLIN, JONES COUNTY, TEXAS

## EIGHTH GRADE UNIT VISITS PLANT OF HERALD MONDAY

Twenty-seven members of the eighth grade reading class of Hamlin Junior High School were visitors at The Hamlin Herald office Monday afternoon. They were accompanied by their sponsors, Principal H. A. Johnston and Mrs. A. S. Watson.

The boys and girls were shown machines of the newspaper and printing plant, including the automatic Meibh vertical press, Linotype, newspaper and job presses, saw, stereotype and paper cutter. They saw the make-up of forms for the rodeo tabloid section of this week's issue of their home town newspaper, seeing how the two colors of ink were utilized in the printing process.

Making the visit to The Herald office were Buddy O'Neal, Bedford Putnam, Roy Riley, Raymond Scrifres, Billy Pat Tucker, W. S. Wilcox, Durwood Smith, Elvin Dennis, Nita Green, Velmer Mae Atkins, Nellie Koonce, Alice Massey, Donna Gayle Miller, Fern Smedley, Lavon Stewart, Barbara Turner, Faye Wilis, Patsy Ruth Parker, Betty Jo Holley, Ruth Pearson, Charles W. Campbell, Lester Campbell, Oscar Garner, Dale James, Ted Kelly, Clarence Miller and Darrell Moran.

### Knew His Wife.

Jones was a druggist, and when his wife ran away with another man he inserted the following advertisement in the local paper:

"This is to notify the party who so kindly relieved me of my wife that I can supply with liniments, bandages, arnica, healing salves, absorbent cotton, iodine, sleeping powders and crutches at rock bottom prices."

### Herald Publisher to Be Speaker at Convention

Publisher Willard Jones of The Herald was in Fort Worth last weekend attending a program planning meeting for the annual convention of the Texas Press Association, to be held at Corpus Christi in June.

President of TPA Joe Cook of Mission stated at the meeting that indications point to the association's largest gathering in history. Jones will be a speaker at the state confab.

Mrs. Jones and daughter, Annetta Jeanne, accompanied the publisher and the trio visited at Decatur part of the time.

Week-end guests in the home of Mrs. Dan W. Stephens were Mr. and Mrs. Finis McCleary of Paducah, Mrs. Mattie S. Colliorn, her daughter, Mrs. Bobbie Heslep, and her daughter, Sheila LaRue Heslep. Mrs. Colliorn and Mrs. Heslep are instructors at the Amarillo Army Air Field. They will visit at Odessa and Belen, New Mexico, before returning to Amarillo.

Mr. and Mrs. Denman Morgan and daughter, Geraldine, of Lubbock spent the week-end with his parents, Mr. and Mrs. J. P. Morgan.

### Signs Along the Way.

Two travelers in Ireland, returning home late one night, lost their way.

Said one: "We must be in a cemetery. Here's a gravestone."

"Whose is it?" asked the other.

The more sober of the two, having struck a match, said, "I don't know, but he seems to have lived to a ripe old age—175."

"Can you read the name?" insisted his companion.

Another match having been lit—"I don't know him. Some fellow called 'Miles from Dublin'."

### Was He Coming or Going?

A distinguished but absent-minded lecturer boarded a train at Los Angeles recently, but when asked for his ticket, was unable to find it.

"Never mind, sir," said the conductor, who knew him well, "I know you bought one, so it will be all right."

"Thanks very much," said the lecturer, "but, hang it all, man, I've got to find it to know where I'm going."

### She Stays Ahead of Him.

"Does your wife believe all you tell her?"

"Does she? Why, she believes lots of things I'd never dream of telling her."

### Don't Quiz Him Too Close.

"A statesman is supposed to be familiar with all public questions."

"Yes," replied Senator Baxblos, "but not necessarily with all the answers."

### Has His Seasons Mixed.

"A moth leads an awful life."

"How come?"

"He spends the summer in a fur coat and the winter in a swimming suit."

That part of the coconut we eat, the kernel or the meat, is copra, which is dried for shipping.

Will Garrett of San Diego, California, is visiting with his mother, Mrs. W. H. Garrett, and other relatives at Hamlin this week.

### Amazing Fast Relief For COUGHS BRONCHIAL IRRITATIONS DUE TO COLDS

Act today on our absolute guarantee of satisfaction or money back.

Moone's Emerald Oil is guaranteed to give you quick relief.

Moone's Emerald Oil is guaranteed to give you quick relief.

## HOME AGENT SAYS HOARDED FLOUR IN HOMES MAY SPOIL

U. S. Department of Agriculture urges housewives not to become panicky about the wheat and flour situation. At the same time it emphasizes the need for cooperating with President Truman's call to the nation to help prevent starvation in war-torn countries by saving food, especially bread.

A statement by the Production and Marketing Administration received by Hannah Nabors, county home demonstration agent of the A. & M. College Extension Service, said that there is no shortage of flour in this country. On that account it will not be necessary to buy more than enough flour for the family's need at one time. Moreover, flour may spoil in home storage. And that is a waste which cannot be made good.

The PMA statement points out that flour kept in the usual room temperature may become infested with weevils. And flour stored on cabinet shelves where the temperature often is higher than the average for room increases the danger of spoilage. Commercial bakers, of course, buy in quantity but they store their supply in rooms specially built for controlling temperature and humidity.

Flour cannot be kept successfully in home refrigerators because it takes up moisture. Flour must be kept dry as well as cool. With huge masses of hungry people in Europe it would be a great tragedy if bread were wasted or flour allowed to spoil in this hour of need, the statement said.

## That Little Children May Live

Famine threatens the world. Together we share the responsibility of helping to feed the world's hungry popl. To this end, and to conserve wheat, our President has called upon the Baking Industry to use a darker wheat flour.

This means that our baked foods are not as light in color as formerly . . . but be assured that the baked foods you buy from us are just as good and just as good for you.

It has been—and it will continue to be—our policy and pledge to buy the best and bake the best . . . and to maintain at all times the high standards of quality, wholesome appearance and goodness that our baked foods have always possessed.

Together we will cooperate with our President . . . together we will help feed the starving nations of the world.

When you buy this locally-baked loaf you are helping to make your home town bigger and better by supporting local institutions.

## ABILENE COLLEGE GIRLS' GROUP SINGS FOR LIONS TUESDAY

An outstanding musical program was entertainment for the Hamlin Lions Club Tuesday noon when the civic group met in the Morgan Hotel. Three vocal numbers were rendered by the McMurry College Girls' Sextet.

Under direction of Louise Spiegelmire, who accompanied the girls, they sang "Spirit Flower," "Mighty Lak a Rose" and "Will You Remember?" from Maytime. Girls composing the group included Hortense Phenix and Frances Gardner of Hamlin, Mary Louise McCleskey, Carol Byerly, Nancy Harris and Helen Holt.

Rev. E. L. Yeats and Herbert Bernhausen were guests at the session of Lions.

Delma Shelburne, vice president, presided in the absence of Art Carmichael.

Holly Toler made announcement concerning the Hamlin Rodeo, which is slated for this week-end.

Don Gould was first Lion to wear the club's new overcoat in "recognition" of late comers to the weekly session. The coat was put on the chiropractor by Tail Twister Joe Moser.

Hamlin Lions Club was invited by Joe Culbertson, commander of the Keefer-Patterson Post of the American Legion, to sponsor a high school boy and send him to Austin the week of June 6 to 16 to participate in the Boys' State, a program of supervised government of Texas affairs. The matter was referred to action by the board of directors.

### First Things First.

By and large, the nursery school set is better informed about what used to be called the facts of life than their grandparents ever were, and it was no surprise to hear a tiny little girl sitting on a brownstone stoop inquire of a slightly larger little girl:

"Are you old enough to have a baby?"

The little friend's reply, however, was a little startling.

"Goodness, no," she said, "I can't even tell time yet."

### Too Far Off Color.

We heard a yarn about a well oiled conventionite who eased up to a snappily dressed dame and asked her to help him see the town.

"I'm a good guy," he told her. "Got dough, baby, and I'll show you a good time. Only trouble I got, baby, is I'm a little color blind."

"Mistah," agreed the dame, "you all sho' is."

### DON'T YOU BORROW YOUR NEIGHBOR'S NEWSPAPER - IT'S REAL RISKY BUSINESS

"This might happen to you—subscribe" is the moral of the following fanciful sketch, author unknown:

A man who was too stingy to subscribe for his home town paper sent his little boy to borrow a copy from a neighbor. In his haste the boy ran over a \$4 stand of bees and in 10 minutes looked like a warty summer squash.

His father ran to his assistance and, failing to notice the barbed wire fence, ran into that, ruining a \$5 pair of trousers.

The old cow took advantage of the gap in the fence, got into the corn field and killed herself eating green corn.

Hearing the racket his wife ran out, upset a four-gallon churn of cream into a basket of little chickens, drowning the entire batch. In her haste she dropped a \$35 set of false teeth.

The baby, having been left alone, crawled through the cream into the parlor, ruining a brand new \$25 carpet.

During the excitement the oldest daughter ran away with the hired man, the dog broke up 11 setting hens and the calves got

out and chewed the tails off four fine shirts on the clothes line.

Moral: Don't borrow your neighbor's paper. It's too risky!

### Dr. Chastain Will Take Course in Eye Surgery

Dr. Claud H. Chastain will leave this weekend for St. Louis, where he will take a post-graduate course in eye surgery. He will do four operations a day for five days.

Dr. Chastain's clinic will be open while he is away, he announces, and nurses will care for his regular patients.

During his absence Dr. Chastain and family will visit with his son's grandparents. Mrs. Chastain has two brothers just returned to this country from Europe. His son's grandfather and all his uncles and aunts have not seen him.

A distinguished visitor at a lunatic asylum went to the telephone and found difficulty in getting his connection. Exasperated, he shouted to the operator:

"Look, here, girl, do you know who I am?"

"No," came back the calm reply, "but I know where you are."

### County Judge Grateful For Office Friendships

County Judge Gilbert Smith of Anson submits the following statement to The Herald:

"Several months ago I made the decision not to stand for re-election as county judge.

"During the past five years I have tried hard to conduct the affairs of the office in a credible manner to both you and me. Whether this has been accomplished is a matter for you to determine.

"It is with a feeling of sadness that I vacate this office; yet I can see a relief when I shed the mantle of responsibility. I am indeed grateful for the friendships formed during my tenure as county attorney and county judge. I appreciate your loyal support, and hope you can always feel that I gave you the best I could."

Famous Redheads: Cato the Censor; Winston Churchill, prime minister; and Christopher Columbus, discoverer.

## Omar Burleson Makes Formal Bid for Place In National Congress

Omar Burleson of Anson launched his campaign for Congress, 17th District of Texas, this week by authorizing this newspaper to make his announcement.

Born in 1906, Burleson has spent his entire life in Jones County with the exception of two years in Washington, D. C., and his three years in the Navy. After receiving his law degree in 1929, he married Ruth DeWeese, daughter of Rev. and Mrs. R. D. DeWeese. Rev. DeWeese was pastor of the First Baptist Church at Anson in the early 1920's.

Burleson's political career began at 23 years of age when he was elected county attorney of Jones County. After two terms he was elected County judge of his home county and served for three terms unopposed. He became widely known in West Texas for his leadership in governmental, educational and civic affairs. As president of the West Texas County Judges and Commissioners Association he championed causes for the improvement of county government. His interest in civic and educational affairs was evinced by his selection as district governor of Lions Clubs, chairman of the Texas Welfare Association, member of the Freight Rate Equality Federation, member of his local school board of trustees and presently a member of the board of trustees of Abilene Christian College.

Until he became special agent of the Federal Bureau of Investigation, Burleson was active in church, fraternal and civic affairs in his own community and of the entire state of Texas. Resigning from the FBI, Burleson spent approximately one and one-half years in Washington, D. C., in positions which afforded him opportunity to observe and work with our national Congress. He was in daily contact with congressional operation, and as general counsel for the National Capital Housing Authority he appeared before numerous

## CHANCE FOR RAIN!

The moisture situation is getting pretty serious in the Hamlin area. Small grain fields and pastures are needing a drink mighty badly.

During the past three weeks good showers have been received on three sides of the Hamlin territory. Stamford reported over an inch 10 days days. Abilene and Anson have had several rains recently. Other areas south and west have received moisture.

Trying to stage a rodeo has been the signal for rains in many territories. Hamlin's is slated for this week-end. Cross your fingers!

### Glad to Be of Service.

Tired after a hard day, a distinguished congressman in Washington handed the menu back to the waiter and said: "Just bring me a good meal."

A good meal was served and the congressman gave the waiter a generous tip.

"Thank yo, suh," the waiter said. "And if you got any friends what can't read, yo' jus' send 'em to me, suh!"

committees on official matters. The experience thus gained undoubtedly adds to his other qualifications for the office he seeks. His own statements indicate he was at that time studying congressional procedure and routine with a view of seeking a seat in that body.

Judge Burleson waived his exemptions and joined the U. S. Navy and served three years. He returned to the States from Okinawa in December, 1945, to end service in the Pacific which took him from New Guinea to Japan. In the earlier days of the war he was in the North Atlantic and later saw service in the Aleutian Islands area. At the war's end he was in the East China Sea in nine operational intelligence.

Burleson advises that his platform will be submitted to the public through the columns of this paper within the next few days.

## NOTICE OF CONSOLIDATION ELECTION

The State of Texas, County of Jones: To the legally qualified voters of Hamlin Independent School District and Neinda Common School District No. 27:

Take notice that elections will be held within said Hamlin Independent School District and Neinda Common School District No. 27 on the 27th day of April, 1946, at the places and on the proposition more fully set forth in the order of the County Judge of Jones County, Texas, substantially as follows, to-wit:

"On this the 3rd day of April, 1946, there were presented to me a petition signed by Tate May and 32 other legally qualified voters of Hamlin Independent School District and a petition signed by C. E. Gregory and 22 other legally qualified voters of Neinda Common School District No. 27, which petitions prayed for a consolidation of said districts and the issuance of an order of an election for that purpose.

"I find that the petition signed by Tate May and others was signed by 33 legally qualified voters of Hamlin Independent School District, and that the petition presented by C. E. Gregory and others was signed by 23 legally qualified voters of Neinda Common School District No. 27.

"I further find that Hamlin Independent School District is situated partially within Jones County and partially within Fisher County; that the principal portion of said School District and its properties are situated in Jones County; and that Jones County has jurisdiction over the principal school of Hamlin Independent School District.

"I further find that said petitions are in compliance with the law and should be granted.

"It is therefore ordered:

"1.—That an election shall be held in Hamlin Independent School District and in Neinda Common School District No. 27 on the 27th day of

## Four Hamlin School Boys May Take Part In Model Government

Prospects this week were that probably four Hamlin High School boys will be members of the Boys' State celebration at Austin during a June 6 to 16 supervised government program for Texas boys.

Sponsored in Jones County by the American Legion, the program calls for election of boys of Texas to all state offices at the Lone Star capitol during the 10-day period. Designed to familiarize boys with operation of their state government, several hundred boys from all over the state would participate.

Joe Culbertson, commander of the Keeler-Patterson Post of the American Legion, is directing the plan at Hamlin. The local Legion post will probably sponsor two boys, and the Rotary Club and Lions Club have been asked to sponsor a boy each.

Two Hamlin boys took part in a similar demonstration two years ago.

## LIONS TOLD LIVING COSTS TO CONTINUE RISE THROUGH 1946

Following is a report of the regular weekly meeting of Hamlin Lions club three weeks ago, which was omitted because of lack of space. Because the speaker's remarks were so trite, The Herald publishes the story even though late.

Rising prices for cost-of-living commodities as well as luxuries will continue the remainder of 1946 was the not-so-encouraging reminder to Hamlin Lions Club members by Harold G. Neeley, student of economics and oil developer, who spoke to the civic group Tuesday noon in their regular weekly luncheon at the Morgan Hotel.

Neeley, well known to Hamlin area oil operators and land owners, has drilled several wells in this region. His concern is back here to drill more wells in a new section northeast of Hamlin.

"I have no desire to hamper business transactions by my remarks, but I want to say that the wise person will sell holdings now at greatly inflated prices. Land values are out of proportion to their actual value now, and they are bound to come down sooner or later. People have money in their pockets now that burns to be spent, but many of the folks who spend their money on inflationary markets that exist today are bound to get burnt when the crash comes several months hence," Neeley told his hearers. He urged caution in the use of the present cheap money that is available.

The economist declared that emotions controlled supply and demand; that there now is too little supply and too great demand for commodities. We let our emotions run away with us when we meddle with the economic laws, and get into trouble. Even wars are fought over lands and foods that are controlled by the emotions of mankind, he declared.

### Finally Made It Anyway.

Puffing and blowing, the young man just managed to get on the platform of the last car as the train left the station.

The middle-aged man in the corner eyed him with scorn.

"When I was your age, my lad," he said, "I could run half a mile, catch a train by the skin of my teeth, and yet be as fresh as a daisy."

"Yes," gasped the young fellow, "but I missed this one at the last station."

Mrs. Bill Slaun of San Angelo and Mrs. Jess Long of Philadelphia, Pennsylvania, are visiting with their parents, Mr. and Mrs. R. L. Dean.

## NAZARENE LEADER

Pastor J. T. Crawford, above, of the Hamlin Church of the Nazarene will do the preaching in a pre-Easter revival meeting beginning Sunday morning at the 11:00 o'clock service, congregation leaders announced this week.

## CRAWFORD WILL BE EVANGELIST FOR NAZARENE REVIVAL

Pastor of the Hamlin Church of the Nazarene will do the preaching in an eight-day pre-Easter revival beginning Sunday morning at the 11:00 o'clock service, congregation leaders announced this week.

Martin Westbrook will have charge of the singing, and Mrs. Manny S. Johnson will be accompanist during the meeting. Special musical numbers by local talent are being arranged for each evening's service.

Pastor Crawford states: "You are invited to attend these services and get acquainted with the Nazarenes and their doctrines, as well as to receive inspiration."

Sunday morning's sermon topic by Rev. Crawford will be "The Triumphal Entry." Other subjects will deal with the last days of Christ's ministry, His betrayal, crucifixion and resurrection, the Nazarene pastor states.

### These Guys Were Softies.

Three men visited a bar.  
"I'll have a coca-cola," said the first.

The bar-tender turned to the second one. "I'll have an orangeade," was the order.

The bar-tender turned to the third, who said: "And I'll just have a glass of water. You see, I'm driving."

### Horse Deal

Mr. P., member of one of Boston's principal horse dealing firms, was one day trying very hard to sell a horse to the late Governor Wolcott. After assuring him the animal was just what he wanted in every way, sound, without a blemish, not a pimple on him, afraid of nothing, not even steam cars, they proceeded to take a drive to test the animal's qualities.

All went well till they reached Cottage Farm bridge, when a train dashed under and the horse nearly dashed over with fright.

"I thought," said the governor, "he was not afraid of cars."

"Well, to tell the truth," returned Mr. P., unabashed, "it ain't the cars he minds—it's the engine."

Turtles have no teeth. However, their jaws have sharp biting edges.

## DARKER FLOUR TO CONTAIN VITAMINS LOST IN BLEACHED

While The Herald has not heard yet of the arrival in Hamlin stores of the new darker flour, Jones County citizens are advised by Hannah Nabors, home demonstration agent, that the new product won't be so bad.

In fact, enriched 80 per cent flour, to be on grocery shelves soon, has the same vitamin content as enriched white flour, but is higher in protein value—energy—according to the agent.

The story of American flour, Miss Nabors says, goes something like this:

For many years modern white flour has been losing important values in milling. In order to have it white and fine, and of good keeping qualities, the outer coat of the grain was removed. With it went seven-eighths of the thiamine and niacin, three-fourths of the riboflavin and four-fifths of the iron, as well as some calcium, phosphorus and better quality protein.

Some of these values were returned when bread was enriched with three lost B vitamins, thiamine, riboflavin and niacin, also iron.

Only about 65 per cent of the flour and flour products on the market, however, have been enriched. Flours rank in this order in nutritional value: Whole wheat, enriched 80 per cent flour, enriched white flour, unenriched 80 per cent flour and unenriched white flour.

The new 80 per cent flour is much finer and lighter in color than whole wheat flour. Unenriched it has only about 40 per cent as much thiamine as whole wheat flour, only one-half as much riboflavin and iron and one-fourth as much niacin.

On the foods preparation and tests conducted by the U. S. Department of Agriculture Bureau of Home Economics under commercial baking conditions revealed that the difference in bread made with the old and new flours was not as great as had been expected. The loaves made from the 80 per cent flour did not rise quite as much as those from white flour, and the bread had a slightly off-white or creamy cast. The Bureau of Home Nutrition and Home Economics has had reasonably good success in making biscuits and pastry with the 80 per cent flour.

### Especially Fond of His Aunt.

Sunday School Teacher—"It is the duty of everyone to make at least one person happy during the week. Have you done so, Billy?"

Billy—"Yes."

Sunday School Teacher—"That's right. What did you do?"

Billy—"I went to visit my aunt a couple of days, and you can bet she was happy when I went home."

**Letter in Response to Note in Clothing Sent To Greece Received**

Nine-year-old Robert Ray Madden of Lubbock, grandson of Mr. and Mrs. V. Madden of Hamlin, is proudly displaying evidence that clothing sent overseas really finds its way to the goal.

Last week he received a well worn letter from a Greek island, so carefully written that an invitation, "write me sometime," which he included in a note stuck in a pair of pants was painstakingly copied on the envelope as part of his address.

It was nearly two years ago that Robert Ray's mother, Mrs. O. C. Madden, washed ironed and had cleaned some 25 garments, mostly children's clothing, and packed them for a drive being conducted by the First Baptist Church. The apparel was labeled "children's clothing from two to five years."

Young Robert Ray, just learning to write, included in a pair of the children's pants his address, with the "write me sometime." Then he forgot until the letter from Nea Agoea arrived. Mrs. Madden carried it to John Zournas, who with Mrs. Zournas was able to translate it.

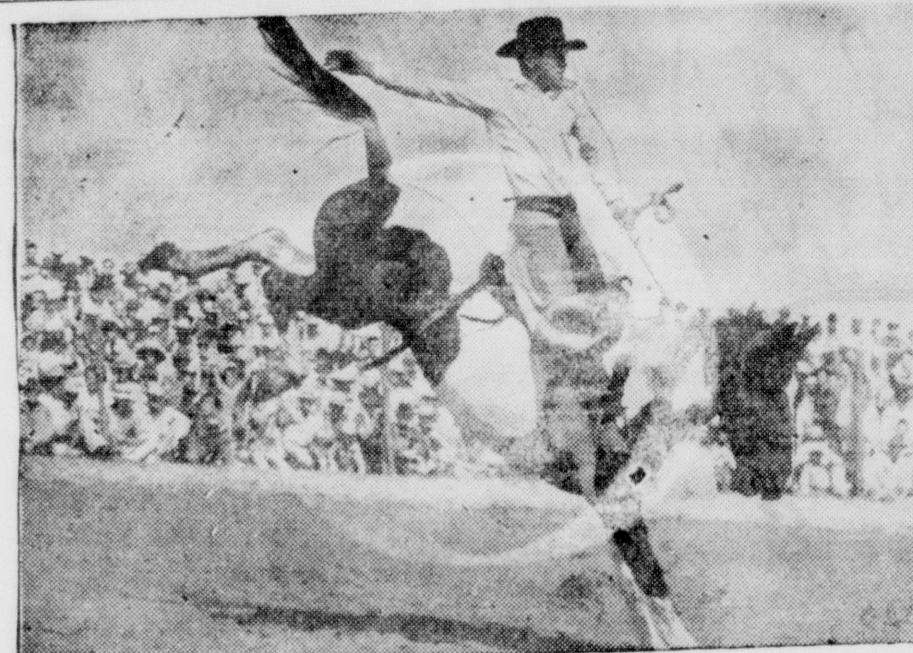

"Hello, friendly family in America," the letter began. "Of all the clothes you sent to Greece some were given to me. In the pocket of some white trousers I found your address and decided to write and thank you for the kindness you have done for us."

"I am a widow with a baby girl. My husband was one of a group of villagers who were ordered in front of a school building and shot by the Germans. During the occupation many of the homes in our village were burned, including mine. Therefore any further assistance will be greatly appreciated. With love, Zoira Kalagidou."

The letter bore a cancellation showing it had been mailed about January 20.

A typewriter small enough to fit into a waist coat pocket has just recently been patented.

**HERE IS TYPICAL SCENE AT HAMLIN RODEO**

Thrills and spills like the ground diver is taking in this picture will doubtless be seen several times at Hamlin's Rodeo April 12-13. The cowhand falling from the horse seems destined to make a perfect "two-point" landing. Since the Bill Lyons stock that will be used at this year's roundup are the

**County Agent Urges Machine Users Check For Accident Hazards**

With the high crop requirements and shortage of new machinery, a higher farm accident toll is apt to result this year unless proper precautions are taken, according to H. C. Stanley Jr., Jones County agent.

Fundamental step in the safe operation of machinery is to put it in good condition before field work starts, said Stanley. Defective seats, belts, clutches, wheels, brakes, steering mechanism and unguarded revolving parts are things to check for. The National Safety Council at Chicago reports that many fatal accidents have been caused by failures of makeshift seats and unguarded power take-off shafts.

Clean all dirt, trash and grease from platforms, pedals, foot rests or steps to assure safe footing, Stanley advises.

Special care should be taken in checking home-made labor saving equipment for accident hazards. The operator's safety often is overlooked in the development of this type of equipment, and accidents can easily offset all other advantages of such equipment.

Poorly conditioned farm machinery is irritating and fatiguing to the operator. It reduces his alertness and encourages carelessness.

## SUMMERIZE

THE SEASONAL CARE ALL CARS NEED

It's great to have a car that's ready to go when you are! Have your car put into condition now to get all the benefit from FLYING HORSEPOWER in the new MOBILGAS, with Magnolia SUMMERIZE Service. This is a seasonal preventive maintenance job that takes in every vital part of your car—eliminates the left-over hazards

of winter driving by changing from the light winter oils and greases to the heavier grades needed to withstand the heat of summer driving. It adds extra wing-spread to your "Flight on Wheels." Get a bonus in car performance with Magnolia SUMMERIZE Service and FLYING HORSEPOWER.

**ENGINE**—Dirty, thinned winter oil drained and replaced with the proper grade of the new detergent MOBILGAS. This is a war-proved oil that resists thinning under high heat, and offers

amazing new cleaning properties for valves, rings, pistons and bearings. Give you a MOBIL CLEAN HOT. That's another running and more efficient with new gas and oil economy.

**Gears**—Dirty oils draining from transmission and differential replaced with fresh, tough MOBIL-OIL GEAR OILS of the

types and grades to fit the make and model of your car.

**RADIATOR**—Cleaned with MOBIL EXCATOR FLUSH.

MOBIL HYDROTONE added to KEEP the cooling system clean and safe from rust and scale.

**CHASSIS**—Complete Mo-

bilfication of all vital parts, for protection against friction and wear.

## Five Hamlin Boys Try For H-SU Grid Berths

Five Hamlin boys were among footballers who reported this week at Hardin-Simmons University in Abilene for try-outs. The largest and possibly the most talented squad ever to answer a spring football training call at H-SU will go through initial scrimmage Friday. Sixty candidates greeted Warren Woodson, head Cowboy coach, on Parramore Field Monday afternoon to officially inaugurate the post-war return of football to the H-SU campus.

Hamlin boys seeking berths on the 1946 edition of the Cowboy squad are: Jesse Locke, 170 pounds, left guard; Jack Ellison, 204 pounds, right guard; Alvin Johnson, 180 pounds, quarterback; Bill Scott, 185 pounds, left halfback; and Bill Harbert, 170 pounds, right halfback.

**Sarcasm in the Flesh.**  
A long-haired man was accosted by a little bootblack: "Shine your shoes, sir?"

He was disgusted by the dirt on the lad's face. "I don't want to shine, my lad," he said, "but if you'll go and wash your face I'll give you a dime."

"Righto, guv'nor," replied the boy, as he made his way to a neighboring fountain. Soon he returned, looking much cleaner.

"Well, my boy," said the long-haired one, "you have earned your dime; here it is."

"I don't want your dime, guv'nor," replied the boy. "You hang on to it and get your hair cut."

## NEWS NOTES FROM SYLVESTER

MRS. J. M. MONTGOMERY, Correspondent

Mrs. J. W. Turner returned Thursday from Aspermont, where she visited for several days with her daughter, Mrs. Kathryn Polk, and Lane Kay.

Glen Harold King has been ill this week. He has the measles.

The junior-senior banquet was held Friday evening for two top classes of McCaulley. Representative Harry Sadler was the evening's speaker.

Ada Earl Cook, daughter of Mr. and Mrs. Grady Cook, and Harold Glen Reed, son of Mr. and Mrs. Robert Reed Sr., were married Friday evening at 6:00 o'clock in the Robert Reed home. Attendants were Colleen Roquemore and James (Bud) Montgomery. Only the immediate families and relatives were present for the rites. Bro. William Reeves, Church of Christ minister, performed the ceremony.

Mr. and Mrs. Earl Holcomb, Mrs. Sam Stephens, Mr. and Mrs. J. P. Montgomery and Milton Montgomery were transacting business at Roby Friday afternoon.

The Youth's Fellowship group of the Methodist Church had a picnic supper on the river Thursday evening. Mrs. Byron Maberry and Mrs. Homer Lawless met with the youngsters. Those present were James, Robert and Mary Evelyn Montgomery, Scott, Jeanine and Billie Sue Swindall, Betty and Velta Bell, Harley Wayne and Aurella Maberry, W. A. Hawkins, Mack Pursley, Henry McElvea and Bernice Cox.

Mr. and Mrs. Ross Douglas have moved into the home purchased from Mr. Sexton. Mr. Douglas has remodeled the house throughout. Rev. and Mrs. Walter Dever returned Friday from El Paso.

Mrs. Rufus Kitchens and Christine were visiting friends here last Thursday afternoon.

A group of Boy Scouts and Cub Scouts hiked out to Byron Maberry's farm Friday afternoon and camped

out Friday night. Those enjoying the outing were Alton and Kenneth Mauldin, Harley Wayne Maberry, Douglas and Billie Moffett, W. C. and Robert Devers, Onie Cox, Cecil Josey, Robert and Henry McElvea, Tommie and Billy Early, Billy Bob Warner, Scott Swindall, Charley Ross McCain, Byron Maberry and Clay McElvea.

Billy Ray Montgomery of Stanton has been visiting his grandparents, Mr. and Mrs. J. P. Montgomery, and the Milton Montgomery family. He is soon to go into the Army.

Mrs. A. B. Armstrong returned Sunday from Odessa, where she has been visiting her daughter.

Mr. and Mrs. Lee Brewer and Earlene Holcomb spent Saturday night with Mr. and Mrs. Ancil Hendricks at Roscoe and enjoyed an outing at Lake Sweetwater.

Will Kelly, Dave and Colleen Kelly and Wanda Joy Gann visited Mr. Kelly's parents in Oklahoma over the week-end.

Evagene Williams is visiting her cousin, Wanda Joy Gann, this week.

### Taken For Granted

Old Farmer Robinson broke his plow, so he decided to go to the next farm and borrow one from Framer Brown.

As he walked along he started thinking: "I wonder if old Brown will lend me that plow?"

Ten minutes later he was thinking skeptically: "I doubt if old Brown will lend it to me."

As he got near to the neighboring farm he thought positively: "I'm sure old Brown won't lend me that plow."

As he knocked at the farmhouse door, he thought, a bit angrily, "No, I'm darn certain he won't lend it to me."

Farmer Brown came to the door, smiled, and asked: "Well, what can I do for you?"

"I just came to say," snorted Robinson, "that you can keep your bloomin' plow!"

### The Usual Suspicions.

The woman autoist posed for a snapshot in front of the fallen pillars of an ancient temple in Greece.

"Don't get the car in the picture," she said, "or my husband will think I ran into the place."

## JUST HUMANS

By GENE CARR

"Why Don'tcha Come Over an' Play?"  
"Hey! Do Y'want Me T'die? Ain't I Got the Measles?"

## STORES WILL CLOSE

Friday is Hamlin Day at the 1946 edition of the Hamlin Rodeo.

Hamlin Chamber of Commerce directors are requesting Hamlin merchants to close their stores from 2:00 till 4:00 o'clock Friday afternoon for the first performance of the rodeo as a gesture of cooperation to the Hamlin Rodeo Association.

### Too Fast for Him.

A man caught a boy in his garden stealing apples, and handed him to the police.

As it was the boy's first offense, the judge let him off, but told him never to yield to temptation again, adding: "You have flown from the evil one."

"So I did, sir," replied the boy, "but he caught me before I got over the fence."

## Continued City Growth Seen in Water Services

Continued growth of Hamlin is reflected in tabulations of water connections at the city hall. Records of Mrs. Clinton Barrow, city secretary, reveal that more than 100 new connections have been made to city water mains during the past 12 months.

On April 1, 1946, there were 797 water connections as compared with 696 on the same date in 1945.

Tax collections for the City of Hamlin are the best in the history of the town, Mrs. Barrow declares. Eighty-nine per cent of last year's assessed taxes has been collected to date, totaling \$17,461.43.

Delinquent taxes have been paid to the lowest figure in years. Total of \$27,179.28 are shown on the city tax rolls.

Mr. and Mrs. Bobby Barrow are announcing the arrival of a daughter, Sharon Lee, on March 27, at Chicago, Illinois, where they have been making their home. The little lady, granddaughter of Mr. and Mrs. R. Y. Barrow Sr. of Hamlin, weighed eight pounds 10 ounces at birth.

## POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

People are frantic for homes. Black marketing of lumber and the scarcity of necessities are becoming outright disgusting. Twenty houses could be rented in McCaulley before night if such could be had. We need water and nothing much is being done about it. We need a boosters' club, but no interest shown. Some folks breathe and merely kid themselves—think they are really living. The sand blows, the rooster crows and the dog barks at the moon. Such is life in a community that has no desires with the exception of a full stomach and a bed to rest their weary bones. There is no finer community or people than our very own. If we didn't like it, then we would move out. All we need is for somebody to wake us up with an old-fashioned hat-pin and get us "on the ball."

We predict that Boyce House will seek public office this year—perhaps as lieutenant governor. He knows as much and perhaps more about Texas than any living human. He would make a good public official.

Mr. and Mrs. Tom McCasland have purchased a house from Mr. and Mrs. Warner and have moved same to town. Their home now is located on lots in the south part of town, formerly the Fred Maberry place.

Thirty-six voters turned out for the trustee election Saturday. Two new trustees were elected for a two-year term. R. L. Miers was re-elected and the new trustees are Willie Maberry and George West. Three names were on the ticket. They were W. F. Davison, R. L. Miers and A. A. Calloway, members whose terms of office expired. Several names were written on the ticket. Names and votes received follow:

R. L. Miers, 31 votes; George West, 17, Willie Maberry 17, A. A. Calloway 16, W. F. Dadison 16, George Darden four, Rufus Herbst three, E. C. Waldrop two, E. A. Lawliss one and L. E. Rector one. Harvey

Wedding bells are about to ring once again in the old home town, so goes the grapevine. Department stores are doing a big business in sun-glasses and eye-shades due to the fact that the flash of diamonds on the finger of Maxine is hard on the eyes.

Mary Ann McCollum was home over the week-end from McMurry College, Abilene. A Yellow Cab and Miss McCollum's car failed to dodge each other in Abilene the other day, but no serious damage was done, so the story goes.

Mr. and Mrs. Marty Block of Chicago are visiting in the home of her mother, Mrs. Flora Mason. Remember, last week we didn't know the name of the former Mildred Mason? One out-of-state reader of The Herald writes: "I read the Pot-Shots and every word of it—even the local news—because of the fact I am afraid I will miss some 'gig' at some politician if I leave out any part of the column." Thanks, neighbor, the reason we write a Duke's mixture is because of the fact a fellow never knows what to expect next.

Mrs. Hallie R. McFatter of McCaulley has returned from a 10-day stay in Dallas.

### GENERAL COMMENTS

According to newspaper reports the United Nations Organizations is about to get together and perhaps

will kiss and make up for a few days. Perhaps they were all getting over a "big toot" and were naturally inclined to be moody. After drinking one toast after another of vodka, scotch, wine and what-not you can imagine about how a bunch of folks would get along even if they are world diplomats. The United Drys wouldn't get along so well at a UNO meeting. Too many wine-sipping saps representing a great people.

We like Jerry Sadler's statement when he said: "If elected governor one of my first acts will be to request enactment by the Legislature of a proposal to create a state insurance corporation to insure the down payment and loans on homes, farms and ranches for veterans of World Wars I and II and all Texans financially unable to own a home or farm." This column has advocated

from the beginning a policy of share the wealth; or, in other words, job for all at a living wage. Frankly, is it fair for one man to draw down a salary of \$100,000 per year and his neighbor, who may be better qualified, though a victim of circumstances, gets only \$25 per week? Some may say, "George, you have socialistic ideas." Call it what you may—we still contend that right is right and wrong is wrong, and might doesn't make right and neither does money make the man. Some of our greatest men died paupers, and after death their works were hailed as a great contribution to mankind. We often think of that great poet, Edgar Allan Poe, whose works and writings will live on even though he died friendless and without money. Peace and harmony among men or nations will never come to pass if we continue the attitude: "Am I my brother's keeper?"—A Darden-O-Gram.

Call 241 and tell your news items.

## Clarence Reynolds Gets Discharge from Army

It's Mister Clarence M. Reynolds since his discharge April 3 at Fort Bliss. The son of Mr. and Mrs. B. V. Reynolds of McCaulley, Clarence served for several months in the Pacific area. He was with the 314th General Hospital on Luzon. He saw duty with the Military Police at German and Italian prison camps before going overseas.

Clarence and his wife, the former Nadine Bingham of Hamlin, are visiting in the homes of his sister, Mrs. Rayburn Higdon of Hamlin and his parents, Mr. and Mrs. B. V. Reynolds of McCaulley and also Mrs. Reynolds' mother, Mrs. Agnes Bingham, in Hamlin.

Mr. and Mrs. Reynolds will soon make their home at Borger, where they will resume their work with the B. F. Goodrich Company.

**FLATLUX**  
THE MODERN ONE-COAT WALL PAINT  
Made with OIL  
Not a Water Coating

IT'S DECIDEDLY BETTER

**FLATLUX FACTS...**  
✓ A Real Paint... made with Oil.  
✓ Ready for Use... No special mixing or buckets required.  
✓ Easy to Apply... Quick to Dry.  
✓ No Objectionable Odor.  
✓ New Lime-Proof Colors.  
✓ One Coat covers most any interior surface.  
✓ Use the room the same day.  
✓ Covers water-thinned paints.  
✓ One Gallon will do the average room.
